Japhet C. Allen, of Amboy, gave a dose of the genuine Dr. C. McLane's Celebrated Vermitage to a child six years old, and it brought away 53 worms. He soon after gave another dose to the same child, which brought away 30 more, making 131 worms in about 12 hours.

Mrs. Quighy, No. 122 Essex St., New York, writes us that she had a child which had been unwell for better than two months. She procured a bottle of the genuine Dr. C. McLane's Vermitage and administered it. The child passed a large quantity of worms, and in a few days was as hearty as ever it had been. Parents with such testimony before them should not hesitate when there is any reason to suspect worms, and lose no time in administering the genuine Dr. C. McLane's Vermitage. This is to certify that I was troubled with a tape worm for more than six months. I tried all the known remedies for this terrible affliction, but without being able to destroy it. I got a bottle of the genuine Dr. C. McLane's Vermifuge, prepared by Fleming Bros., Pittsburg, Pa., which I took according to directions; and the result was I discharged one large tape worm, measuring more than a yard, besides a number of small ones.
