STRONG FOR SERVICE, AND CHEAP!

BOY'S SHOES!

The right sort of footwear for the rough and tumble usage of strong, active, robust boys shoes made of leather well tanned and tough in grain—leathers that do not readily crack or break and which ensure long and strong ser-vice. These are the kinds that form the theme for our shoe story to-day. Prices away down, too, for qualities so good. That's news, good news to him who foots the shoe bills.

We've a \$1 shoe to start with—a solid leather shoe, sizes 3 to 55 Inclusive, lace or button, with seamless vamps, nicely trimmed and neat looking. They're bargains at the price, sure.

Another grade is marked at \$1.25; it's a good make to give trial. They fit and wear well and possess plenty of style. Here's another to tell of—25c higher—\$1.50 a pair. Have scamless vamps, fair-stitched soles and finished, trimmed and made in a superior manner. Nobbylooking, fitting snugly and wear strongly.

There's many more makes of shoes here at like figures quoted above. We've not space here, however, to describe them. Come and examine them; that will suffice to convince you we've the cheapest and best boy's shoes sold in Lancaster and more of them to pick from than

anywhere else.

And the fluer grades—those we have, too, for those who'll want them. Handsome and attractive styles for fine dress. These come in B., C., D. and E. widths and in lengths 5 to 5½, rang-ing in price from \$1.75 to \$3.
