ANDREW J. SPENNER, CHARLES H. REYER, Editors. ROBERT CLARK, Publisher. THE DAILY INTELLIGENCER—Published every day in the week, but Sunday, except on public holidays, at Lancaster, Pa. Terms: In Advance: 50 cents a month. Single Copies: 10 cents.

LANCASTER, PA., April 18, 1890.

The South Penn Project. The statement that the South Penn railroad company has been organized at Reading with a new president and board of directors is treated in some quarters as though it was significant of a movement to complete the road in some interest, which is variably stated as that of the Pennsylvania and of the Reading roads.

We do not see that it has any particular significance. It is well known that the South Penn is wholly owned by the Vanderbilts, and that they have bargained with the Pennsylvania people to hold it subject to their order, in return for the gift of the control of the West Shore railroad and other considerations.

At the election on the 7th of April of the towns and townships in the state of Indiana the Democrats carried Indianapolis, Fort Wayne, Evansville, Terre Haute, New Albany, Lafayette and almost every other important town in the state. They carried 609 of the 1,012 townships, gaining 118 township trustees, and 61 out of the 92 counties in the state, having a majority on the total vote of over 17,000.

Two, and only two, Republican senators declined to vote to admit the Republican senators from Montana. They were Senators Plumb and Wolcott, who were conveniently absent when the vote was taken.

At Wednesday's meeting of the Harrisburg board of trade a Philadelphia party sought information from the board as to what inducements would be offered for the erection of an extensive steel plant in Harrisburg. A special committee was appointed to give the matter immediate attention.

Mr. Kennan's Labor. Mr. Kennan's lecture last evening was heard with great interest, notwithstanding that to many of the audience it was a repetition of what they had already read in the Century Magazine.

Hoopskirts Again. May come into style, but it is hoped not. The transformation of the millinery trade into a style of crinolines ought to be indefinitely postponed.

From Syracuse, N. Y. "I felt weak and languid; had palpitation of the heart and numbness of the limbs. Barkley's Blood Purifier has certainly relieved me. They are most excellent." Mr. A. W. Hoch, 137 and 139 North Queen street, Lancaster.

Look Here, Friend, Are You Sick? Do you suffer from Dyspepsia, Indigestion, Sour Stomach, Liver Complaint, Nervous Debility, Biliousness, Tired Feeling, Pains in the Chest, Night Sweats, Loss of Power, or any form of Consumption? If so, go to your druggist and purchase a bottle of Flozogen, which will quickly restore you to your former physical health.

A Bark and a Battle. Mr. Dana, in the Sun, makes a vicious reply to ex-President Cleveland's castigation of him. He does not defend the truth of his stories about Mr. Cleveland's fatness and must be considered to have acknowledged that in this regard he has been maliciously lying.

BETTER THAN TEA AND COFFEE FOR THE NERVES. Van Houten's Cocoa. "BEST AND GOES FARTHEST." Ask your Grocer for it, take no other.

HENRY WOLF, FURNITURE STORE, has removed to 136 East King street, having a full line of Furniture of every description at the lowest prices.

Narrow Gauge Railway will be opened for the summer season on MONDAY, MAY 5th.

THE MT. GREINA. The road extends from the entrance of the Park to the summit of the South Mountain (Governor Dick) a distance of about four miles. Its miniature trains connect with the regular passenger trains on the Cornwall & Lebanon Railroad at the Park, and returning from the summit of the mountain in time to connect with the train leaving the Park.

Mt. Greina Park, the finest day resort in Central Pennsylvania. Charge and facilities for the most complete and exclusive use of Mt. Greina Park on application to the proprietors.

Wanamaker's.

How many dining-rooms are dreary and bald, lacking somewhat the grace and elegance that a single article of furniture will add. But it often happens that the needed china cupboard or cabinet requires more money than may conveniently be applied to the purpose.

A furniture maker is ceasing to make Mantel Cabinets. He has about sixty on hand. We buy them all at half value, and you can get them equally cheap. A \$60 Cabinet for \$30, and eleven varieties, including oak, cherry and mahogany, to choose from.

They will fit any mantel five feet or more long, and are adapted equally to library or dining-room, and quite appropriate to bedrooms.

The extra ordinary sale of new Spring and Summer Wool Dress Goods starts in wonderfully. The facts yesterday morning were: 120,000 yards. All imported goods.

Never shown before in our stock. Varieties immense. Quantities large. Price 25, 30, 35, 40 and 50 cents a yard.

The very remarkable character of this offering of Dress Goods rivets attention already. We know perfectly well that only one power will move quickly such a great quantity of goods at retail.

The prices are made for double quick step. Buyers will quickly catch the cadence, and the goods will keep marching. They are right in qualities and styles.

This large Dress Goods operation is an illustration of great retailing. Only the largest combinations make it a possibility, and thus place the buyer of a single dress pattern in command of the greatest facilities and the least possible prices.

Men's Light Overcoats—\$7.50 to \$25—are in demand. Maybe you can and maybe you can't get one of the Harris Cassimeres at \$8.50. Scores of men have been making 100 per cent on them this week.

It is the style that puts the high pressure into our sales of Boys' Clothing. Market street side.

THE LIFE IN A GLASS.

It Does Not Seem to be Very Much but It is Often Found to be the Beginning of Death. Did you ever hold a glass or drinking water up to the light and see how completely filled it was with little particles of matter? It looked perfectly clear and pure when you poured it out, but yet was teeming with animal or vegetable matter. Do you imagine it can be healthy? Do you wonder why, in a little while, your mouth tastes bad, your appetite is poor and you feel a general disgust with the world?

Doctors, chemists, sanitarians and professors are now fully agreed that no whiskey need be feared today as an essentially pure or free from harmful elements. It is as innocuous as water. The prejudice of weak-minded and unscientific and narrow-minded people, why? Because it has produced results, restored health, prolonged life, awakened the lagging faculties and corrected the evil effects of poisonous water.
