"Original Package" stor es Open.
From the Kanus City (Kan.) Press.

The police are waging a fierce warfare on the joints. Thousands of deliars have been collected in fines during the present month and men have been arrested as often as four times in a single day. In this same period of time twenty old arrests have been made on the South Side. Ever since the original package decision the police seem to have lost their cunning in tippling and pursue a course of extreme vigilance. The enforcement of the law will hasten the establishment of package shops, as arrangements have been made for this city and some are established. Topeka has two package house, and in ten days will have a dozen. The liquor is shipped in all sizes, from a piat of whisky and a bottle of beer to a keg or case.

The package house on St. Paul street and Kanuss avenue did business of a day. Bottles of beer wrapped in blue paper were sold at twenty cents each and found ready sale. John Michael was in charge of the depot and agent for the Fred Heim brewing company. In the evening Michael was arrested on the suthority of a city ordinance and fined \$51.

County Attorney Froeman is reported as saying: "Well, we're pretty busy just now attending to those who are not selling from original packages, but when we get through with them we'll attend to these gentlemen."

Since Mr. Freeman has been county at-

men."
Since Mr. Freeman has been county attorney, December 1, 1889, warrants have been issued for the jarrest of 120 liquormen. Out of this number fifty-five were placed under arrest and sixty-five have left the state to avoid arrest. Out of the fifty-five parties arrested forty-five have been convicted and not one has been acquitted. Two have been dismissed at the cost of the state and three have been dismissed at the cost of the defendants.

Affairs of Insolvent Corporations.

Insurance Commissioner Foster on Monday received the report of the actuary who has been examing the affairs of the American Life Insurance company. The report shows assets amounting to \$2,173,852.02, though the actuary says a very large part of the apparent assets is undoubtedly of little or no value. Liabilities are placed at \$4,665,475.80, with a surplus as regards policy holders of \$508,376.22. At a meeting of the committee of the policy holders resolutions were adopted requesting the receiver to furnish all reasonable facilities to the committee's counsel, that he may make a thorough investigation to ascertain the cause of insolvency. Scrofula in Children.

"In the early part of 1887 scrofula appeared on the head of my little grandchild, then only 18 months old. Shortly after breaking out it spread rapidly all over her body. The scabs on the sores would peal off on the slightest touch, and the odor that would arise would make the atmosphere of the room stekening and unbearable. The disease next attacked the eyes and we feared she would lose her sight. Eminent physicians of the country were consulted, but could do nothing to relieve the little innocent, and gave it as their opinion, 'that the case was hopeless and impossible to save the child's eyesight.' It was then that we decided to try Swift's Specific (S. S. S.) That medicine at once made a speedy and complete cure. For more than a year past she has been as healthy as any child in the land."

Cancer of the Nose.

In 1875 a sore appeared on my nose, and grew rapidly. As my father had cancer, and my husband died of it, I became alarmed and consulted my physician. His treatment did no good, and the sore grew larger and worse in every way, until I was persuaded to take S. 8.5. and a few bottles cured me. This was after all the doctors and other medicines had failed. I have had no return of the cancer.
