The Stolen Money Not Found.

The stolen Money Not Found.

Cashier Harry Ottis, of the First National bank, of Denver, Col., returned home from Clayton, Mo., where he went to identify Mansfield King, the man who held up Bank President Moffat.

"I asked King a number of questions about the relative positions the different employes occupied in the bank when he was there," said Mr. Ottis, "all of which he answered correctly and explained how he managed to escape. King told where the money was buried, together with \$18,000 that he had stolen. He said it could be found buried in a jar four test deep under a peach tree in the garden of his house at Clayton. The garden was dug up without finding treasure. King admitted that he had been a member of a gang that had held up trains and robbed express cars. He also confessed to stealing horses.

"It was not until he had received absolution from the priest and the assurance from a physician that he would not live two hours longer that he made a full breast of his past and confessed to murder. He said he had killed a man in Rollo county about five years ago, and also that Kelley, his partner in the Moffat robbery, had fallen by his hand."

King is much improved in health and the prospects for his recovery are good. He now refuses to make known the hiding place of the money unless he is allowed to go free for the robbery.

Protect the System from Malaria. It is possible to do this even in regions of ountry where miasma is most rife, and where the periodic fevers which it causes assume their most formidable types. The immense popu-larity of Hostetter's Stomach Bitters is very rely attributable to the fact of its efficacy a its, and as a preventive of the various forms tents, and as a preventive of the various forms of malarial disease. In those portions of the West and South where complaints of this nature prevail, and in the Tropics, it is particularly esteemed for the protective influence which it exerts; and it has been very widely adopted as a substitute for the dangerous and comparatively ineffective alkaloid, sulphate of quinine. Physicians have not been among the last to concede its merits, and the emphatic professional endorsements which it has received have added to the reputation it has obtained at home and abroad.

MCLANE'S LIVER PILLS.

THE GENUINE DR. C. McLANE'S

-CELEBRATED-LIVER PILLS!

Intemperance a Disease

When the celebrated Dr. Rush declared that drunkenness was a disease, he enunciated a truth which the experience and observation of medical men is every day confirming. The many apparently insane excesses of those who indulge in the use of spirituous liquors may thus be accounted for. The true cause of conduct, which is taken for inflatuation, is very requently a diseased state of the Liver. No organ in the human system when deranged, produces a more frightful catalogue of diseases And if, instead of applying remedies to the manifestations of the disease, as is too often the case physicians would prescribe with a view to the original cause, fewer deaths would result from diseases induced by a deranged state of the Liver. Three-fourths of the diseases enumerated under the head of Consumption have their seat in a diseased Liver. The genuine Br. C. McLane's Liver Pills, prepared by Fleming Bros., Pittsburg, Pa., are a sure cure.

Mr. Jonathan Houghman, of West Union, Park Co., Illinois, writes to the proprietors, Fleming Brothers, of Pittsburg, Pa., that he had suffered from a severe and protracted attack of fever and ague, and was completely restored to healthiply the use of the genuine Dr. C. McLane's Liver Pills alone. These Pills unquestionably possess great properties, and can be taken with decided advantage for many diseases requiring invigorating remedies, but the Liver Pills stand pre-eminent as the means of restoring a disorganized liver to healthy action; hence the great celebrity they have attained.

Insist on having the genuine Dr. C. McLane's Liver Pills, prepared by Fleming Bros., Pittsburg, Pa. All druggists keep them. Price 25 cents a box. When the celebrated Dr. Rush declared that

HIS FINGER NAILS CAMB OFF.

"For a year I was afflicted with a horrible case of blood poison, and upwards of five months of that time I was unable to do work of any kind. My finger nails came off and my hair dropped out, leaving my head as clean and smooth as if it had been shaved. I consulted the best local physicians, and spent hundreds of dollars for medicines of different kinds, but without receiving the allertest benefit. dreds of dollars for medicines of different kinds, but without receiving the slightest benefit. I was advised finally to visit Hot Springs. This I did, but becoming disgusted with the treatment I was receiving there, commenced taking Swift's Specific (S. S. S.) The effect that S. S. S. had on me was truly wonderful. I commenced to recover after taking the first bottle, and by the time I had taken twelve bottles I was entirely cured—cured by Swift's Specific (S. S. FOUR YEARS ON CRUTCHES.
For fifteen years I was afflicted with rheumatism, four years of which I was compelled to go on crutches. Words are inadequate to express the sufferings I endured during that time. During these fifteen years of existence (it was not living), I tried every known remedy without receiving any benefit. If nally began on Swift's Specific (8, 8, 8.), which from the first gave me relief, and to-day I am enjoying the best of health, and am a well man. I candidly believe that 8, 8, 8, is the best blood purifier on the market to-day.
