ACCUSED EX-OFFICIALS.

Severe Presentment By the Grand Jury at Beading.

The grand jury came into court in Reading just before adjournment Wednesday vening and presented a report of their two weeks' investigation into the alleged coruption of county officials. It is admitted in all sides that it is one of the severest eports that ever emanated from a grand ary in that county. It reviews at length he accusations against various officials, and the conclusion drawn by the rand jury is that the charges are only "too rue." The report pays special attention to he charges against District Attorney frant; cites a number of cases where he is consed of making improper charges, and secommends that the present district atorney pursue the prosecution at the next erm of court. It accuses ex-District Attorney Grant and George F. Hagenian, who was county solicitor during frant's term, with dereliction of duty i not collecting costs from prosecutors upon whom they were placed, and romptly paying them into the county reasury. The report recommends that immunity from prosecution be granted to arties who testified before the grand jury at they had offered and paid to ex-Disrict Attorney Grant money for undue purcus, and censures William Ar-Arnold, a cell known citizen, for acting before the rand jury in an impudent and arrogant nanner. It is understood that when Mr. rhold appeared before the grand jury he sid them to go home, as their investigations, and suggests that at the next term of our inquiries be made into the management of the prothonotary's and sheriff's filess.

Owing to the lack of time to try the cases Presentment By the Grand Jury at Reading.

Owing to the lack of time to try the case minst Grant all the present suits against in were continued excepting one, and he as placed under \$4,500 ball for the next rm of court. This one case will probably

much to remedy its disorders as a few wine ills—say, three a day- of Hostetter's ch Bitters, which will afford it speedy re of, and eventually banish every dyspeptic and lous symptom. Sick headache, nervous s, sallowness of the complexion, fur upo tongue, vertigo, and those many indescrib and disagreeable sensations caused by indistion, are too often perpetuated by injudici sing. An immediate abandonment of s dom and ill advised experiments should b e first step in the direction of a cure; the extraction of a cure; the extraction and won unprecedented popularity, notion and won unprecedented popularity, jel7to24

but without receiving the alightest benefit. I was advised finally to visit Hot Byrings. This idid, but becoming disgusted with the treatment I was receiving there, commenced taking swin's Specific (S. S. S.) The effect that S. S. S. had on me was truly wonderful. I commenced to recover after taking the first bottle, and by the time I had taken twelve bottles I was entirely cured—cured by Swift's Specific (S. S. S.) when the world-renowned Hot Springs had failed.

FOUR YEARS ON CRUTCHES.

FOUR YEARS ON CRUTCHES.

For fifteen years I was afflicted with rheumatism, four years of which I was compelled to go on crutches. Words are inadequate to express the sufferings I endured during that time. During these fifteen years of existence di was not living, I tried every known remedy without receiving any benefit. I finally began on Swift's Specific (S. S. S.), which from the first gave me relief, and today I am enjoying the best of health, and am a well man. I candidly believe that S. S. S. is the best blood purifier on the market today.

This road extends from the entrance of the Park to the summit of the South Mountain Governor Dick, a distance of about four miles. Its miniature trains connect with all the regular passenger trains on the Cornwall & Lebanon Ratiroad arriving at the Park, and returning from the summit of the mountain in time to connect with trains leaving the Park.

From points on Penna. R. R. and Phitadelphia & Reading R. R., within 100 miles, the trip can be accomplished in one day.

It is the NARROWEST GAUGE in the world, it is the most PERFECT IN ITS CONSTRUCTION, it has also the MOST COMPLETE EQUIPMENT. Its engines are perfect little models of the standard engines of the first-class, and its cars are especially adapted to afford an unobstructed view of the magnificent scenery along the line.
