NO HARVEST FOR THEM. TWO SWINDLERS WHO COULD NOT KEEP

They Confuse Mossrs. Stamen and Morris In Making Change, But Acknowledge Their Mistake and Disgorge.

MONEY TAKEN FROM MERCHANTS.

COLUMBIA, July 11 .- This morning two well-dressed men worked the old "change" maket here on two merchants, Messrs. E. E. Stamen and William Morris. The od of the men is very old, but calcuated to confuse any one. One of the men stered Stamen's store and purchased twenty cents' worth of cigara, for which he tendered a \$10 bill in payment. The proprietor had no change in the cash drawer, and took \$10 from his pocket, a \$5 bill and \$5 in specie. From this he deducted twenty cents for the cigars, and the stranger then had \$9.80 He then threw down \$5 in apecle and small notes and asked for a \$5 bill in exchange. The note was given him, being laid on the counter with the change. There was \$5 of Mr. Stamen's money and the same amount belonging to the stranger on the counter. The man picked up the pile and requested a \$10 bill for the change and got it. He then had \$5 belonging to Mr. Stamen. Before the proprietor could think of the transaction the stranger purchased a box of sardines to divert his stention, and then left the store. In a short time Mr. Stamen discovered the game and caught the man near Wagner's hotel. The swindler said he had just discovered

In the meantime the other man worked thellar game at Morris' grocery store and ignery with a \$5 bill. He was collared cers R. R. station and also returned tion 19, having discovered the mistake. Cley 11-jumped on the Harrisburg acme sation train and left the town.

The most important paper of Thursday morning was that read by Dr. Noss, principal of the California Normal school, in answer to the question: "Is German eduction better than ours?" He said that, while in America we have the promise of great things, in Germany they have attained great results. They have learned that development of the mind, and not knowledge giving, is the road to education. In Germany all teachers must spend three years at a normal school. The little children are never placed under the care of an ices perienced teacher, and they left off teaching the alphabet fifty years ago. The teachers, as a rule, remain in the profession for life, and ninety per cent. The teachers, as a rule, remain in the profession for life, and ninety per cent. of them are men. In America the average time in which teachers remain in the profession is three years, but Normal school graduates are better than the average in this respect. America excels in school architecture and apparatus. Germany excels in the quality of the teaching and in the general results attained. In Germany religion is taught in all the schools chaice the general results attained. In Germany religion is taught in all the schools, choice literature is committed to memory, politeness is inculcated by daily practice, the teacher uses no book, and every lesson is taught before the pupil is required to master it. In the girls' schools knitting and sewing are taught, but manual training, as we understand it, has not been introduced. Out of 6,000 new recruits in the Prussian army only one was unable to read. This recruit is due 75 years of common-sense in recruit is due 75 years of common-sense in the school room. In this country we have made many inventions and achieved great material development, but there is a marked contrast between our commercial and industrial progress and our lack of advancement along educational lines, and the greatest obstacle to the improvement of our schools to-day is the vis inertia of the self-satisfied teacher. Dr. Noss' views were discussed by Superintendent Buehrle, of Lancaster, Superintendent Stewart, Dr. Books, Dr. Horne and Superintendent Houck. The inevitable differences between a school system bestowed upon a made many inventions and achieved great tween a school system bestowed upon a people by their rulers and one built up by the people themselves were pointed out. the people by their rulers and one built up by the people themselves were pointed out, and honor was given to American indi-viduality on the one hand and German culture on the other.

Arrested for Child Murder.

Arrested for Child Murder.

A big sensation was created in Wheeling, W. Va., 'ast evening by thearrest of Dr. H.

B. Bagnley, William Carter, a business man, and Miss Aggle Post, a daughter of Ephraim Post, of West Alexander, Pa., on the charge of murder. The warrants were sworn out by Miss Flossie Gribble, who alleges than on February 7 last, Ephraim Post brought his daughter from West Alexander to Wheeling and left her at William Carter's house. The girl was about to become a mother, and Dr. Bagnley was called.

On the 11th of February a child was born

ley was called.

On the 11th of February a child was born which Dr. Bagnley killed at the request of the mother, and Carter hurned the body in the grate in the room. Miss Post and Carter were arrested at Post's house in West Alexandria, Pa., at 6 o'clock, Thursday evening and were brought to Wheeling.

Dr. Bangley was put under arrest about 10 o'clock p. m., and abo ut midnight the latter was admitted to ball by Judge Campbell, who was got out of bed for that purpose.

Seventeen Victims of Mad Dogs.
Hon. Joel Palmer, of Voluntown, Conn., owns some fine shepherd dogs. One of them went mad Wednesday evening, and while Mrs. Palmer was trying to tie it the dog fastened his fangs in her face, badly mangling it. The only son of Mr. Palmer, aged 14 years, tried to save his mother, and in the attempt was bitten four times on the hand and arms. A little daughter and a servant were also bitten.

After a five-mile chase the dog was killed, but not until it had bitten a dozen different animals. Thomas Douglass, father of Mrs. Palmer, left for Pasteur's institute, New York city, with the victims. Excitement is at fever heat. Seventeen persons have now been bitten in that vicinity.

Several dogs were slaughtered in Nor-Seventeen Victims of Mad Dogs.

Several dogs were siaughtered in Nor-wich on Thursday and every town com-mittee has ordered all dogs muzzied.

Had Both Legs Cut Ooff.

From the Manheim Sentine We were shown Wednesday a letter received by H. Clay Gibble from his brother Abraham H. Gibble, residing at East Springfield, Eric county, Pa., bearing the sad news of the sudden death of the the sad news of the sudden death of the latters son Charles, sged about eighteen years. It appears he was employed on the railroad and while on duty at or near Coventry, Ohio, on Friday last accidentally fell off the cars, the wheels passing over and cutting off both his legs. After lingering about five hours he was relieved by death. His remains were taken to the home of his father at East Springfield and interred on Monday. A SHOCKING DEED.

of an Infant in the Locomotive Fire Box. A detective waited at the station of the Delaware, Lackawanna & Western railroad at Syracuse, N. Y., on Thursday night for the evening express from Oswego to come in. On its arrival a fireman, Fred, V. Curtis, was taken out of the cab and to the jail, charged with a most unusual crime. His accuser is Frank Granish, a fellow fireman with whom the prisoner went over the road Thursday. Curtis has been a brakeman on the road for nine years, but has just been put on an engine as stoke, under the instructions of Grantsh. Thursday morning Cartis came into the cab with a bundle, instructions of Grantsh. Industaly morning Curtis came into the cab with a bundle, which he tossed carelessly on the coal in the tender. He said nothing about its contents until the train passed Pleasant Bridge, a lake-side resort near there, when he picked it up and remarked that it contained all that was left of his Fourth of Lake.

Curtis left the bundle undisturbed until the train was again in full speed. Then he picked it up and unwinding the paper wrapper, opened it in the sight of Granish. It held the body of a wee baby. Curtis said to his astonished companion that it was his own and that he was going to have a quiet funeral. Without further ado he opened the fire box and deliberately threw the body in on top of the blazing coals. He said he had frequently done the same thing before. Granish was appalled at the coolness of the man, but Curtis only iaughed. When the train returned to Syracuse at noon Granish gave information of the crime to the police, who made the arrest, Curtis denies the story, but as his wife was delivered of a still-born child on Tuesday, the truth is unquestioned by the police. The woman has two children living. uly. Curtis left the bundle undisturbed until

sent to the House of Refuge. John G. Reilly was before the judges this afternoon on the charge of being incorrigible. The testimony showed that he had been an inmate of the House of Refuge and was released in Feb reary on probation. Soon after his return to Lancaster he committed several petty thefts and was repeatedly warned to reform or he would be sent back to the House of Refuge. These warnings had no effect on him and his arrest for incorrigibility followed. The court sent him to the House or Refuge, and Constable Yeisley took him to Philadelphia this afternoon.

Returned From Florida. E. R. Kindig and wife, who have been n Florida the past eighteen months, returned to Lancaster on Thursday on a visit to friends. Mr. Kindig is engaged in the orange culture principally, and has time to devote to the culture of other fruits. He is of the opinion that the climate of Florida, winter and summer, is the finest in the world.

Stole a Sult of Clothes. Gus Thomas, a coon, in the employ of McManus & Reilly, contractors, was arrested at Harrisburg last night for a larcony committed in Altoona. He escaped from Lieutenant Kautz, but a bullet sent after him brought him to terms, and he was locked up to await the arrival of the Altoona officers.

The Young Republicans.

At a meeting of the Young Republicans, held last evening, the following members were elected: M. T. Cormeny, T. C. Mellinger, A. R. Metzger, Dr. E. B. Hyus and Wm. L. Long. Resolutions endorsing the candidates on the Republican state ticket were passed. They were proposed by A. B. Hassler, and they offer to give Delamater a · Harrison majority.

Not an Agent. A member of the Kray Shoe company says Charles Sing wasn't an agent for the firm. He was employed as a finisher, and stole a line of samples.

To Start Another Paper. R. A. Smith, formerly editor and publisher of the Lancaster Morning News, will publish a paper at Bismarck, Lebanon county, to be called the Bismarck Herald.

The Ladies' Oxfords embrace all the leading styles. They're excellent fitting kids, laying close to the foot while in action—no gapping at sides. There are few makes that do not have this fault.
Men's Low Shoes come in various shapes and from good makers. All sizes and widths. Shoes to fit the fat man who needs his every moment these hot days to pant and perspire. Kinds to fit slim feet, too. Easy to slip into; casy and cool when the foot gets there.

RUSSET SHOES.

In different shades for Ladies' and gent's wear. These we have in best and medium grades only, and at reasonable cost. Our sales increase every day on these goods.
