Among those voting for the ratification are four who spoke against it. Of the four Senators not voting, two were absent from the city—Messrs. louston and Pearce. The articles providing for the confirmation of the grants given by the Mexican government in Texas and California, are stricken out; and the

unimportant provision to extend the jurisdiction of the Mexican church over the Catholic clergy in the ceded territory is also stricken out. These are the principal modifications. It will be recollected that the treaty indicates two modes of paying the indemnity agreed upon— by the issue of six per cent. stocks, or by instalments. The latter mode has been adopted. The three millions subject to Mr. Trist's order are to be paid immediately upon the ratification of the treaty by the Mexican government, and the remainbearing six per cent, interest, to commence from

There is a provision against making any por tion of this sum transferable. The only point omitted in my former synonsi and preserved in the treaty, is an article securing to the Umited States the free navigation of the Gulf of California, and of the river Colorado from the mouth of the Gila to the Gulf. Mr. Allen closed the debate, this

particulars by telegraph yesterday. It came on us with great surprise. We had no idea of the extraordinary strength which Mr. Buchanan possessed in his own State. He seems to have overruled all rivals, from any part of the Union. This movement by Pennsylvania will place Mr. Buchanan as one of the strongest candidates for the Presidency, before the Demoeratic Convention, to be held in Baltimore in May next. Heretofore General Cass, in consequence of the nominations he has received in Michigan, Ohio, and Illinois, has been considered the leading Democratic candidate: but now, Mr. Buchanan seems to be neck and neck and we are not sure but that he passes him some what in the race. At all events, according to every symptom, Mr. Buchanan has a better cha than any other candidate named, to get the vote the State of New York, if it is to be got at all. There is a most bitter hostility to General Cass among the politicians of New York, growing out of the defeat of Mr. Van Buren, by his friends, four

years ago. They might support Mr. Buchanan in preference to any other man. If Mr. Polk be not a candidate, the race would then seem to be between Mr. Buchanan and General Cass, with some Buchanan stock is, therefore, up. Pennsylvania is up, for the first time, for the Presidency, and it only fair to give her a chance.-New York
