Dear Sir:—I have been a Dyspeptic sufferer for about ten years, and have resorted to various medicines for relief without success, until I made use pation of the bowels, and violent headache. Feeling desirous that a knowledge of your valuable remedy may reach others similarly afflicted, I take great pleasure in recording my testimony to its curative power; and would also remark, that while on a visit at home a short time since, I administered a part of a bottle to a number of my afflicted friends, with great success. They are desirous that you should establish an agency at Pittsburg, or inform them where the medicine can be obtained. With an earnest desire for your prosperity and happiness, I subscribe myself truly your friend,

UNPARALLELED IMPOSITION & EFFRONTIEV.

An individual named S. Fahnestock has repeatedly asserted that the article which he calls "Dr. S. Fahnestock's Vermitige" is the same or equal to the Vermifuge prepared by me.

The public are assured that this is a base falsehood, and are hereby cautioned against confounding the spurious article with mine. It is entirely different in its composition, and does not possess the virtues and powers of my preparation.

Dr. Townsend: I verily believe that your Sarsanarilla has been the peach. VEGETABLE RHEUMATIC PILLS.
For the permanent cure of Rheumatism, Gout Gangrone, Aysteria, and severe Nervous affections, and are highly recommended for the cure of Dropsy, flumoral Asthma, and Neuralgea.—Patients using then, in most cases expenence benefit soon after the first dose, they quiet the nervous system which enables them to rest well during the night. They never failt to effect a cure when taken according to directions. No ottward application can permanently remove Rheumatic Pains from the system; Limements sometimes acting a pariative for a short period, but there is always danger in their use; they may cause the pain to leave one place for perhaps a vital part, or else where the pain will be more acute.

For the permanent cure of Liver Complaint, benefit of those whom it may concern, that my daughter, two years and six months old, was afflicted with general debility and loss of speech. She was given up as past recovery by our family physician; but fortunately 1 was recommended to try your Sarsaparilla. Before having used one bottle she recovered her speech and was enabled to walk she recovered her speech and was enabled to walk alone, to the astonishment of all who were ac-quainted with the circumstance. Yours respectfulty,

Could not Walk.
That Dr. Townsend's Sarsaparilla is the very best remedy for female complaints there is no disputing: thousands and thousands of weak and debilitated than that were reserved. thousands and thousands of weak and debilitated females that were prostrated by those diseases to which females are subject were soon in the enjoyment of robust health. N. Y. Sep. 23, 1847. Dr. Townsend—Dear Sir: My wife has for the last year been very sick, and in a greatly reduced state of health, being reduced by a variety of complaints such as females are liable to; she got so bad at length that she was entirely unable to walk, and was as helpless as a child; she commenced using your Sarsaparilla, and she immediately began to regain her strength, her complaints left her, and after taking several bottles she is restored. Being a singular case 1 have thought it might do good to publish it. She used a number of remedies that done her no good previously. Yours respectfully, John Mullen, 87 Norfolk street.

Dr. Townsend—Dear, Sir: My wife has been allied with a disease of the heart, and with a territorial interest of the time. She has been troubled with shortness of breath, and great fluttering of the heart, which has been very distressing, and has frequently been unable to leave her bed. Bank Department, Albany May 10, 1845.

Dr. Townsend—Sir: I have been afflicted for several years with dyspepsia, in its worst form, attended with sourness of stomach, loss of appetite, extreme heartburn, and a great aversion to all kinds of food, and for weeks (what I could eit) I have been unable to retain but a small portion or Washington, D. C., June 10, 1846.

Dear Sir.—I have been a Dyspeptic sufferer for about ten years, and have resorted to various medicines for relief without success, until I made use of your "Oxygenated Bitters." I have used about two bottles, and find myself restored to perfect health. The forms in which the disease showed itself, in my case, were, great acidity of the stomach, loss of appetite, extreme flatulence, severe constipation of the bowels, and violent headache. Feeling desirous that a knowledge of your valuable remedy may reach others similarly afflicted, I take great pleasure in recording my testimony to its curative power; and would also remark, that while on a visit at home a short time since, I administered a part of a bottle to a number of my afflicted friends, with great success. They are desirous that you should establish an agency at Pittsburg, or inform them where the medicine can be obtained. With an earnest desire for your prosperity and happiness, I subscribe myself truly your friend,

Extract of Sarsaparilla, and I must say with little confidence: but after using nearly two bottles, I lound my appetite restored and the heartburn entirely removed; and I would carnestly recommend the use of it to those who have been afflicted as I have been. Yours &c., W.W. VAN ZANDT.

Feb. 1, 1848—1y-1 North Queen st., Lancaster. Clickener's Vegetable Purgative

Pills, RE the first and only medicine ever discovered that will positively cure Headache, Giddiness, Piles, Dyspepsia, Scurvy, Smallpox, Jaundice, Pains at the Back, Inward Weakness, Palpitation of the in the Back, Inward Weakness, Palpitation of the Heart, Rising in the Throat, Dropsy, Asthma, Fewers of all kinds, Female Complaints, Measles, Salt Rheum, Heart-Burn, Worms, Cholera Morbus, Conghs, Quinsy, Whooping cough, Consumption, Fits, Liver Complaint, Erysipleals, Deafness, Itchings of the Skin, Colds, Nervous Complaints, and a variety of other Diseases arising from impurities or technotics.

It has been proved that nearly every disease to which the human frame is subject, originates from impurities of the Blood or Derangements of the Digestive Organs; and to secure Health, we must 9 nove those obstructions or restore the Blood to its natural state. This fact is universally known; its natural state. This fact is universally known; but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired Constitution or a sit of sickness rebukes them for the folly of their conduct. Still they had some excuse, for heretofore, medicine in almost all its forms, was nearly as disgusting as it was beneficial. "Now, however, the evil is most effectually removed; for Clickner's Vegetable Purgative Pills, being countetely enveloned with a CoAT tice Pills, being completely enveloped with A COATING OF PURE WHITE SUGAR, (which is distinct from the kernel) have no taste of medicine, but are as easily swallowed as bits of caudy. Moreover they do not nauseate or gripe in the slightest degree, which is occasioned by the fact that they are secasioned by the fact that they are compounded on secientific principles and operate equally on all the diseased parts of the system, instead of confining themselves to, and racking any particular region. (which is the great and admitted evil of every other known purgative.) Hence they Strike at the Root of Disease, remove all impure humors from the body, open the pores externally and internally, promote the Insensible Perspiration, obviate Flatuency, Headache, &c.—separate all foreign and obnoxious particles from the chyle, so that the blood, of which it is the origin, must be thoroughly pure—secure a free and healthy action to the Heart, Lungs, and Liver, and thereby restore Health even when all Ashma, Bronchitis, Spitting Blood, Pain in the side, and breast, Sore Throat, Hoarseness, Palpatation of the Heart, Whooping Cough, Hives, Nervous Tremors, Liver Complaint, and Diseased Kidneys, are radically cured, by Thompson's Compound Syrup of Tar and Wood Naptha.
