The Two Brothers.

The following beautiful Arabian legend we copy from the "Voice of Jacob." The site occupied by the temple of Solome was formerly a cultivated field, possessed in common by two brothers. On the same night the other brother awake and said to his wife. " My brother lives alone without a companion: he has none to assist him in his labor nor to reward him for his toils, while God has estowed on me a wife and children; it is not right that we should take from our common field as many sheaves as he, since we have already more we shall, by adding secretly a number of our

sheaves to his stack, by way of compensation, and without his knowledge, see his portion of the harvest increased." This project was approved and immediately put into execution. In the morning each of the brothers went into that Mr. Duche, an Episcopal clergyman, might be the field, and was much surprised at seeing the stacks still equal. During several successive nights the same contrivance was repeated on each side, for as each kept adding to his brother's store, the stacks always remained the same. But one night, both having stood sentinel to divine into the cause nutually destined for the other. It was thus all

The British out against Gen. Cass. The first gun from the subjects of Queen Victo ria has been fired on the nomination of General LEWIS CASS! The tidings of his nomination have struck terror into their bosoms, and they are railing out against him with as much violence as the timore American and the New York Courier and Enquirer. The language used by the envious Britons, is almost identical with that of the Whig prints. showing what a cordiality of feeling exists between the British and the Whig leaders, and their mutual anxiety for the defeat of that fearless defender of American rights and interests. As an evidence of British feeling, we quote the following from the Albion," the organ of the British interests and

prejudices published in New York: "Had any other candidate been nominated we should have contented ourselves with announcing the fact, but Gen. Cass has on repeated occasions manifested SO HOSTILE A FEELING TO GREAT BRITAIN that we must add OUR EXPRESSION OF REGRET at seeing him in this prominent nosition before the country. Her voice will necessarily be raised in favor of the Whig ominees, but the freemen of the Union will take care of CASS AND BUTLER in spite of both

Resignation. "Amid the various scenes of ills: Each stroke some kind design fulfills: And shall I murmur at my God,

When sovereign love directs the rod ?" Resignation is an exalted Christian virtue. It a plant that grows not up from nature's soil. It a grace that must be cultivated like the rose-tree, that it may flourish and shed forth its sweet fra grance amid the passing scenes of life. To possess esignation, calm and settled, under all circumstan ces. is a high attainment. Yet it is attainable; and blessed are they who live under its benign influences will shed a holy balm over the moral waste of life, and cheer us amid the darkest -hours of our

pilgrimage. Life has its cares and its afflictions, its crosses and its conflicts, its disappointments and its sacrifices. But in every scene of earth, resignation, like the strong and faithful anchor that holds the ship in safety till the storm is past, secures its possessor peace and quietness, till the darkness and danger of the tempest are over, and the sunshine of tranquility and joy again beams upon us. Nothing is ver lost to the just by the exercise of this virtue ut it will secure to the anxious, the important, and eavy-laden, much joy, blessedness, and consolation. t will render our afflictions blessings; our crosses leasures; our disappointments unexpected good
