Their construction is superior, their arrangement more simple, and embrace improvements possessed by no other Lamps. The cost of burning will not exceed one half the expense of any other light, whilst they produce a more brilliant and steady light than gas: Their construction is such that the wick is supplied with Oil by a feeder, when it is short; so that they can be burnt dry, and thus keep the Oil always pure and the lamp clean. Their management is so easy that a child can take care of them. They are perfectly safe, and free from any unpleasant odor. The above Lamps, together with Dyott's Newly Improved Solar Lard and Oil Lamps, are made in every desirable form, and suitable for Churches, Stores, Halls, Factories, Lodge Rooms, Hotels, and Billiard Saloons, and Lamps with shades, designed for reading, and for every purpose where light is required. THIS Extract is put up in quart bottles—it is size times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting. purging, sickening or debilitating the patient, and is particularly adapted for a Spring and Summer

The great beauty and superiority of this Sarsapa-rilla over all other remedies is, while it eradicates disease, it invigorates the body. Consumption cured It cleanses and strengthens. Consumption can be cured. Probably there never was a remedy that has been o successful in desperate cases of consumption a so successful in desperate cases of consumption as this; it cleanses and strengthens the system, and appears to heal the ulcers on the lungs, and the patients gradually regain their usual health & strength.

Curious case of Consumption.

Dr. Townsend—Dear Sir:—For the last three

ears I have been afflicted with general debility and nervous consumption of the last stage, and did not expect ever to gain my health at all. After going through a course of medicine under the care of the most distinguished regular physicians and members of the Board of Health of New York and elsewhere and spending the most of my earnings in attempting to regain my health, and after reading in some paper of your Sarsaparilla, I resolved to try it. After using six bottles I found it done me great good, and called to see you at your office; with your advice I kept on, and I do most heartily thank you for your advice. I persevered in taking the Sarsaparilla, and have been able to attend to my usual labors for the deaf four mostles and Lace but here. ors for the last four months, and I hope by the born for the last four months, and I hope by the blessings of God and your Sarsaparilla to continue my health. Lost her Speech. Brooklyn, Sept. 13, 1847. Dr. Townsend—I take pleasure in saying for the benefit of those whom it may concern, that my daughter, two years and six months old, was afflicted with general debility and loss of speech. She was given up as past recovery by our family physician; but fortunately I was recommended to try your Sarsaparilla. Before having used one bottle she recovered her speech and was enabled to walk alone, to the astonishment of all who were acquainted with the circumstance. She is now quite

Very few families indeed—in fact we have not heard of one—that used Dr. Townsend's Sarsapa-

They were much reduced, and we expected they would die; they were given up informed us that we must lose them, we resolved to try your Sarsaparilla which we heard so much of but had little confidence, there being so much suffactories that is worthless; but we are very thankful that we did, for it undoubtedly saved the lives of both. I write this that others may be induced to use it. Yours, John Wilson, jr.

That Dr. Townsend's Sarsaparilla is the very best remedy for female complaints there is no disputing: thousands and thousands of weak and debilitated females that were prostrated by those diseases to which females are subject were soon in the enjoyment of robust health.

Dr. Townsend—Dear Sir: My wife has for the last year been very sick, and in a greatly reduced state of health, being reduced by a variety of complaints such as females are liable to; she got so bad at length that she was entirely unable to walk, and was as helpless as a child; she commenced using your Sarsaparilla, and she immediately began to regain her strength, her complaints left her, and after taking several bottles she is restored. Being a singular case I have thought it might do good to publish it. She used a number of remedies that done her no good previously. Yours respectfully, JOHN MULLEN, ST Norfolk street.

At this season, while the Horse is shedding his coat, his vital energy is much reduced, and he is extremely liable to colds, &c., many cases of incipent Heaves are contracted now, but are suppressed by pasture or warm weather, till they break out with full force in the fall. This fact is universally known; but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired Constitution or a fit of sickness rebukes them for the folly of their conduct. Still they had some excuse, for heretofore, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most refectually removed; for Clickner's Vegetable Purgative Pills, being completely enveloped with a coarting of Pure Witter Sugar, (which is distinct from the kernel) have no taste of medicine, but are as easily swallowed as bits of candy. Moreover they do not nauscate or gripe in the slightest degree, which is occasioned by the fact that they are compounded on scientific principles and operate equally on all the diseased parts of the system, instead of confining themselves to, and racking any particular region, (which is the great and admitted evil of every other known purgative.)
