Indigestion.

It has been proved that nearly every disease to which the human frame is subject, originates from impurities of the Blood or Derangements of the Digestive Organs; and to secure Health, we must ts natural state. This fact is universally known ut people have such an aversion to medicine, that nless the case is urgent, they prefer the disease to ne cure, until an impaired Constitution or a fit of ickness rebukes them for the folly of their conduct ill they had some excuse, for heretofore, medicine in most all its forms, was nearly as disgusting as it as beneficial. Now, however, the evil is most ef ally removed; for Clickner's Vegetable Purga cetually removed; for Chekner's Vegetable Purgative Pills, being completely enveloped with A COATNO OF PURE WHITE SUGAR, (which is distinct from
he kernel) have no taste of medicine, but are as easily

hauseate or gripe in the slightest degree, which is
becassioned by the fact that they are compounded on ceasioned by the fact that they are compounded on cientific principles and operate equally on all the liseased parts of the system, instead of confining hemselves to, and racking any particular region, which is the great and admitted evil of every other cnown purgative.) Wistar's Balsam of Wild Cherry, in all the disasses for which it is recommended, curing many
asses after the skill of the best physicians was unailing, has effected an increasing demand for it. This fact has caused many unprincipled counter-feiters and imitators to palm off spurious mixtures, of similar appearance, for the genuine Balsam. Some called "Syrup of Wild Cherry," "Balsam of Spikenard," "Wild Cherry Comfrey," &c. The rest merely imitate the name of the original, while they possess none of its virtues. Look well to the marks of the genuine.

The genuine Balsam is put up in bottles, with the words "Dr. Wistar's Balsam of Wild Cherry, Phila.," blown in the glass; each bottle hearing a
