This Extract is put up in quart bottles—it is six times cheaper, pleasanter, and warranted superior to anysold. It cures diseases without vomiting, purging, sickening or debilitating the patient, and is particularly adapted for a Spring and Summer Medicine. Medicine.

Medicine.

The great beauty and superiority of this Sarsaparilla over all other remedies is, while it eradicates disease, it invigorates the body. Consumption can be cured. Bonchitis, consumption, liver complaint, colds, coughs, catarrh, asthma, spitting of blood, soreness in the chest, hectic flush, night sweats, difficult or profuse expectoration and pain in the side, &c., have and can be cured.

Probably there never was a remedy that has been so successful in desperate cases of consumption as this; it cleanses and strengthens the system, and appears to heal the ulcers on the lungs, and the patients gradually regain their usual health & strength.

Still no one should despair. The writings of physicians, who have given to these affections particular attention, abound with many recorded cases of recovery when the patient had reached a seeming hopeless stage of the disease; and there is at this time, a remedy prepared in Philadelphia which has met with the most triumphant and cheering success in the most obstinate forms of Throat and Pulmonary Diseases—so as to have obtained the sanction and employment in the practice of many physicians.
