that critical period, "the turn of life," should neglect to take it, as this is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by taking this medicine. It braces the whole system, renews permanently the natural energies—by removing the impurities of the body—but so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease.
