E. W. HUTTER, EDITOR. Lancaster, October 31, 1848.

FOR PRESIDENT, Gen. Lewis Cass, OF MICHIGAN. FOR VICE PRESIDENT, Gen. William O. Butler, OF KENTUCKY.

17 PRESIDENTIAL ELECTION ON TUESDAY the 7th day of November.

Democratic Headquarters. Our friends in the country districts are notified, that the hotel of CHRISTIAN SHERTZ in this city has been selected as the Democratic Headquarters on the night of the Presidential election.

17 DEMOCRATS may supply themselves with CASS and BUTLER Electoral Tickets, by calling on WILLIAM MATHOT, Esq., the Chairman of the Democratic County Committee.

To Naturalized Voters. By all means take your papers with you to the polls. Every effort will be made to prevent naturalized voters from voting.

To the Polls! to the Polls! ON TUESDAY NEXT, THE SEVENTH DAY OF NOVEMBER we have to discharge the high and responsible duty of recording our votes for a President and Vice President of the United States.

As we value our rights and privileges as citizens, and as we value the good of our country, who is the King of Nations, and has distinguished above all the nations of the earth through the instrumentality of Democratic Administrations, so will we discharge that high and solemn duty on our country.

TO THE POLLS! Democrats, let us rally, every man of us, at the polls and vote for men who have the honesty to speak, and like freedom, whose opinions are known and read by all men, and who will be the servants and not the masters of the people.

COME TO THE POLLS! ye honest and hardy patriots, who scorn the tricks of Whiggery, and meet and confound the money band, that in the name of a "Bough and Branch," would cheat us out of the dearest rights of freedom.

FRIENDS OF THE UNION! FRIENDS OF LIBERTY! all who prefer republican government to a sort of military and abolition oligarchy! All who love honesty and open dealing! come to the polls and rescue General Taylor from the cruel hands of protracted friends.

The Mexican sympathizers wished him a "fat pigtail and bloody grays" in Mexico, and now these same men would award him a bloody crown at home, that he may take off the heads of his countrymen who dare to maintain the honor of their own country against Mexican aggression.

TO THE POLLS! That we may tell to our children and our children's children, that on the 7th day of November, 1848, we fought and won for them a more glorious battle than was ever won by military chieftain; that we preserved the Constitution and saved our country from an oligarchy of military despots and fanatical abolitionism.

TO THE POLLS! TO THE POLLS! We have to contend against principles and powers and political wickedness—against enemies abroad and enemies at home—enemies at home, who would strike the main prop of our liberties from the Constitution; enemies abroad, the crowned heads of Europe and their minions who would rejoice to see our glorious Republic go down in military despotism.

7th of November! Democrats of Pennsylvania Remember! That on TUESDAY, 7th of November, you are to exercise the independent right of Freemen.

Shoulder to shoulder, with the Democracy of twenty-nine other States, we will declare your preference for CASS and BUTLER.

If you desire Pennsylvania to be as in 1844, right side up for a Democratic President, vote your full Electoral ticket of twenty-nine names. Let not a Democrat be absent from the Polls on TUESDAY, 7th of November, and bear in mind that the polls will be kept open only ONE DAY.

Richard Vaux, Esq. The Democracy of Lancaster owe a debt of gratitude to this able and efficient champion of their cause for his well-timed services in their behalf. His speech on Thursday evening in the Court House, and that to the Democrats of Columbia, on the following evening, were certainly among the most masterly efforts which the present campaign has elicited.

Don't Forget, Tariff Men! That while the Whigs profess to be the exclusive friends of protection, the last subject they touched was the extra or hundred days' Congress, called by Hays, in session, was the Tariff question—although the Compromise Act of Mr. CLAY was crushing our manufacturers to the earth.

Tom writes to a Taylor editor under date of the 13th instant: "Prospects look dismal enough in Ohio, judging by the returns now in hand." What else could the Mexican expect?

The Watchers Burning!

A glorious meeting of the Democracy of this city was held in the Court-House, on last Thursday evening, at which ROBERT MOOREWELL, Esq. presided, assisted by numerous Vice Presidents and Secretaries. The meeting was addressed by E. W. HUTTER, who followed in an eloquent speech by COL. REAM FRAZER.

An enthusiastic Rally of the Democrats of Columbia brought took place on Friday evening. A delegation, over 100 strong, attended from the city of Lancaster. SAMUEL BROOKS, Esq. presided. Vice Presidents: Dr. A. Bitner, Andrew Leader, J. Boon, George W. McElroy, Capt. J. H. Duchman, H. Haldeman, A. Heisinger, L. Whisler, jr., Reuben Mullison, Joseph Tyson. Secretaries: Dr. J. J. Given, William Brown.

A large and enthusiastic meeting of Democrats was held on Saturday last, at the house of Michael Roland, in Mechanicsville, Upper Leacock township. It was organized by the appointment of the following officers:

President—MOORE CONNELL, Esq. Vice Presidents—Dr. J. C. Weidner, Dr. J. S. Bare, Mark Connel, J. Jacob Hill, William Weidman, Robert Conner, Peter Heller, John Graham, Joseph Ely, Samuel Hill, Isaac B. Weidner, John Simmons, William Ray, Geo. Yost, John Irvin, Isaac Hill, Peter Felies, Daniel Miller, Cyrus Miller, George Bryan, Henry Weidner, Geo. Marks, Samuel Miller, Samuel Vandenberg, Martin Vandebach, Jacob Simmons, Jacob Buser, sen., Washington Simmons, Jonathan Simmons, Samuel Tassig, John Forney, Henry Imhof.

Coercing Voters. We have heard intimations that several employers—even in our own city, had resorted to coercion at the late election, to secure the votes of the Democrats in their service, for the Federal candidates; and that the same game would be attempted at the coming election.

Butler and Jackson. In WILLIAM O. BUTLER'S speech in Congress, in favor of refunding the fine imposed upon General JACKSON, he made the following reference to the Old Hero:

Had Gen. Jackson retired to private life at the close of his military career—had he but worn modestly those honors which he won upon the field of battle, he would have been a blessing to his country.

Democracy! are you ready! Are our Democratic friends ready for the conflict? The day for discussion—for long articles in defence of our principles and candidates, has nearly passed. The public mind is nearly made up.

TO THE POLLS! TO THE POLLS!

REMEMBER, THAT THE PRESIDENTIAL ELECTION THIS YEAR TAKES PLACE ON TUESDAY, NOVEMBER 7.

For President: Gen. Lewis Cass, OF MICHIGAN. For Vice President: GEN. WILLIAM O. BUTLER, OF KENTUCKY.

DEMOCRATIC ELECTORAL TICKET:

- William Bigler, David D. Wagener, Henry L. Benner, Horn R. Keass, Isaac Shunk, Augustus L. Roumfort, Jacob S. Yost, Robert E. Wright, William W. Downing, Henry Haldeman, Peter Kline, Bernard Schoonover, William S. Swetland, Jonah Brewster, John C. King, John Weidman, Robert J. Fisher, Frederick Smith, John Cresswell, Charles A. Black, George W. Bowman, John R. Shannon, George P. Hamilton, William H. Davis, Timothy Ives, James G. Campbell.

DEMOCRATS OF LANCASTER COUNTY! We put a solemn question to you: ARE YOU PREPARED FOR THE BATTLE? We have no doubt the true majority for Canal Commissioner will be somewhat larger than above reported.

BE CAREFUL! To examine well and see that the Ballot Box is empty when the voting commences. Do not meanly suffer yourself to neglect this. There is more in it than strikes the eye at first sight.

RESERVE THE BALLOT BOXES! Let them not be taken from the place of voting until the ballots are counted out. The Federalists will make one united effort over the State to do this—and when they have done this, they will be done this year, unless you stand up like men—and like men deposit in the ballot boxes, before the votes are counted, your own names.

STAND AT THE POLLS until the box is closed and see that the old and infirm Democrats are not kept away from voting by the crowd. Men are employed in some places to block up the polls and keep the Democrats away.

THE BATTLE NOW IS ON! Watch well that the way is kept clear. There will be no chance for running. It must be fought bravely through, like the battles men fight when their liberties and lives are at stake.

A Noble Letter.

We publish, to-day, the frank, manly and admirable appeal of our worthy and estimable candidate for Governor, MORRIS LONGSTRETH, to the Democracy of Pennsylvania, for an united effort in favor of our candidates and principles in November next.

Returning from his official duties in the West, Judge Longstreth was prostrated by a severe and dangerous illness, from which he has been slowly recovering, and we are happy to say is now convalescent. The first act of returning health is to call on the Democracy to prepare for a new and severe contest, to be attended by a glorious victory, if we are only true to ourselves.

Let all Democrats follow the example, and respond to the patriotic call of Morris Longstreth, and we can then assure all our fellow Republicans of this and other States, that Pennsylvania is safe by a clear and triumphant majority for the regular candidates of the party, Gen. Lewis Cass and Gen. William O. Butler.

To the Democratic party of Pennsylvania: The result of the election of the 10th of October has been the apparent defeat of the Democratic party for Governor, and the triumph of your opponents, marshalled under every name and shade of opinion, and agreeing only in their hostility to Democratic principles.

The untiring efforts of every Democrat should be directed to secure this result, as our opponents, flustered with ephemeral success, are using every exertion against us.

With my heartfelt thanks for the flattering vote of the true Democracy of Pennsylvania in my favor, I hope I may, without presumption, call upon every personal and political friend to join in an united effort for a glorious Republic on the 7th of November.

A GRAPE SHOT. From a Southern Taylor Whig Battery into Northern Anti-Slavery Whiggery. JOHN McPHERSON BERRIEN, of Georgia, is known as one of the leading Whigs of the South.

I ask you to make known to your fellow-citizens who will be assembled on the 20th instant, the reason why I am not with them, not so much as to explain my absence, for that is comparatively unimportant, as to enable me through the reports of the meeting to say to them how deeply I feel it to be, that we should work with "might and main" in the present campaign—that I consider it as the most important Presidential election, ESPECIALLY TO SOUTHERN MEN, which has occurred since the foundation of the Government.

With a heart devoted to their interests on this great question, (without Proviso) and without respect to party, to employ my fellow-citizens of Georgia, Whig or Democrat, to forget for a time their party divisions—and each offer only an AS SOUTHERN MEN—to our common Union, and the preservation of our domestic institutions, and all our rights as freemen. If we are united, WE can sustain them—WE divide on the old party issues, WE must be victims.

The Tariff—Facts.

The Whigs always have been remarkably Tariffish about election times. They then can see nothing but raw cloth—raw hides which can only be prevented by electing Whig candidates! They have played this game so often, that all intelligent, reflecting citizens—Whigs and Democrats—regard it as humbug.

A few facts will dispel most of the trash which Whig presses and stampers are attempting to pass upon the people, in relation to this subject: 1. It is a fact, that the cry of depression of business, stoppage of works, &c. has become part of the federal whig system of electing.

2. It is a fact, that since the passage of the Tariff of '16, as much capital has been invested in the iron and other manufacturing business in this country, as was ever invested during the same time under the Tariff of '12, under that of '14.

3. It is a fact, that the balance of trade so far as regards the imports and exports of Spain has been greater in our favor under the Tariff of '16, than under that of '12.

4. It is a fact, that labor has been as abundant and as good wages under the Tariff of '16, as under the tariff of '12.

5. It is a fact, that the present depression in the Iron and Coal business, which political speculators are endeavoring to pervert to party purposes, by falsehood and misrepresentation, is owing to over-production here at home, during the year 1848—rather than to foreign importations—as can be substantiated by the most conclusive evidence.

6. It is a fact, that the Iron capitalists of Pennsylvania, who are now, for party effect, uttering gloomy forebodings as to the future, desire to invest more capital in the erection of new works at that place, in the coming year—whether Cass or Taylor be elected.

7. It is a fact, that the occasional failures which have taken place among manufacturers, under the Tariff of '16, are the result, not of that Tariff, but of mismanagement, unfortunate credits, or the legitimate operations of trade, and are of less frequency, less amount, and less destructive in their consequences upon others, than those which have occurred under the favorite Whig measures of a high Tariff and U. S. Bank.

8. It is a fact, that the Whig argument of making a home market for our farmers, by building up manufacturers sufficient to employ hands to consume all the surplus agricultural produce of our country, is altogether visionary and impracticable, but if worth anything, it proves that a high Tariff is unnecessary, because that state of manufacturers, which would consume all our agricultural produce, would produce manufacturers sufficient for the whole world, and throw our manufactures into competition with foreign markets, with the pauper labor of Europe! They are not satisfied with the home market here, protected by the duties of 20 to 30 per cent, and a distance of 3000 miles for their competitors, and yet profess to desire a state of things which would send to markets 3000 miles distant, encumbered with duties and other expenses.

9. It is a fact, that the farmers of America have a deep interest in, and should seek to sustain that line of national policy which opens to them the widest market for their produce. They know that, the Democrats favor, while the Federal Whigs oppose that policy.

10. It is a fact that the policy which benefits our farmers cannot but benefit our mechanics and laboring men. The prosperity of the farmers, gives life to all other branches of industry—agriculture is the great by far the greatest and most important interest of our country. Democrats so regard it.

11. IT IS A FACT, THAT THE AVERAGE PRICE OF FARMERS' PRODUCE HAS BEEN—IS NOW—AND PROMISES TO BE—GREATER UNDER THE TARIFF OF '16, THAN IT WAS UNDER THE TARIFF OF '12.

12. It is a fact, that every thing which the farmer, mechanic and working man wears, in the shape of clothing, and his sugar, tea, coffee, molasses, &c., have all been cheaper under the Tariff of '16, than under the Tariff of '12.

13. It is a fact that all these facts are very well known to the Whig party, which advocates the restoration of the partial Tariff of '12 and in favor of Democracy, which advocates a Tariff like that of '16, calculated to promote "all the great interests of the country."—American Republican.

From the Philadelphia Spirit of the Times. Astounding Development. A gentleman has just called at our office, who resides in Schuylkill county, and has given us information of the utmost importance in relation to the stupendous frauds which have been perpetrated there by the Federal Whigs. It seems that an official gentleman from the State, who has been already placed upon the Assessor's List within the year prescribed by law, took upon himself the responsibility of adding nearly THREE HUNDRED more, and paying the amount of their assessments, after the time had expired that he should do so legally.

Democracy Awake. We now say to our Democratic friends in other States, says the last Detroit Free Press, that Michigan will give her vote to CASS and BUTLER by at least FIVE THOUSAND more, than the Whig ticket of the County of Wayne, in which Gen. Cass lives, will increase her usual majority full 500. The city of Detroit, the residence of Gen. Cass, will give him an increased vote, and a majority of 200. Let what we say be recollected, and placed to our credit, if we speak truly—if not, let it be charged that we did not speak correctly.

Old Berks—Sound. The slight falling off at the late election, from the usual Democratic majority in this sterling Old Berks County, has only had a tendency to render us more studiously so for the contest in November, and make them more than ever determined to wipe away that blot upon their democratic escutcheon. Indeed, an intelligent young Democrat from that county, whom we met here a day or two since, assured us that on the 7th of November, they would roll up a majority of not less than five thousand five hundred for CASS and BUTLER.

Taylor at Home. The N. O. Courier gives the strongest assurance that Louisiana is safe for CASS and BUTLER. "A few there may be, whose personal acquaintance with regard to Gen. Taylor, may render them indifferent to party obligations. These are, however, known to be few and far between. It is certainly not very flattering to his personal integrity to know, that in the neighborhood where he resides, his political opponents outnumber his political friends near two to one."

From the Eastern Argus. Hon. John Banks! This gentleman, the former President Judge of this district—the Federal candidate for Governor in 1845—and the late Federal State Treasurer—REFUSES TO SUPPORT GEN. TAYLOR, AND WILL NOT GIVE HIM HIS SUPPORT! We have this from good authority.

An Ohio paper contains calls for 80 Democratic meetings in the Backeye State, to be addressed by Senator ALLEN, Col. WALKER and other Democrats.

Democracy! are you ready! Are our Democratic friends ready for the conflict? The day for discussion—for long articles in defence of our principles and candidates, has nearly passed. The public mind is nearly made up.
