I have been afflicted for many years with the Piles, and have tried various remedies, but with no beneficial effects. Indeed, I began to consider my case hopeless. She was given up as past recovery by our family physician; but fortunately I was recommended to try your Sarsaparilla. Before having used one bottle she recovered her speech and was enabled to walk alone, to the astonishment of all who were acquainted with the circumstance. She is now quite well and in much better health than she has been for 18 months past.

To the Ladies-Great Female Medicine. Dr. Townsend's Sarsaparilla is a sovereign and proceedings Sarsaparilla is a sovereign and speedy cure for incipient consumption, and for the general prostitution of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident.

It will not be expected of us in cases of so delicate a nature, to exhibit certificates of cures perferenced by ormed, but we can assure the afflicted that hus. formed, but we can assure the afflicted that hundreds of cases have been reported to us,
Dr. Townsend: My wife being greatly distressed by weaknoss and general debility, and suffering continually by pain with other difficulties, and having known cases where your medicine has effected great cures: and also hearing it recommended for such cases as I have described, I obtained a bottle. of your Extract of Sarsaparila and followed the directions you gave me. In a short period it removed her complaints, and restored her to health.—Being grateful for the benefits she received, I take pleasure in thus acknowledging it and recommending it to the public.

M. D. Moore, corner of This Extract of Sarsaparilla has been expressly prepared in reference to female who has reason to believe she is approaching that critical period, "the turn of life," should neglect to take it; as this is a continuous co glect to take it; as this is a certain pre greet to take it, as this is a certain preventive for any of the numerous and horrible discases to which iemales are subject at this time of life. This period may be delayed for several years by taking this medicine. It braces the whole system; renews permanently the natural energies—by removing the

impurities of the body—but so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease.

She has been troubled with shortness of breath, and great fluttering of the heart, which has been very distressing, and has frequently been unable to leave her bed. The rupture was very large and severe. She tried almost every remedy for such cases with but little benefit. When she had taken but three bottles of your excellent medicines he was entirely relieved of the fickleness of the heart, and the rupture has almost entirely disappeared. She has also had the dropsy, and was very much swollen. We had no idea that she could ery much swollen. We had no idea that she could be benefitted as she had such a complication of dis

be benefitted as she had such a complication of diseases. But it has, as strange as it may appear, relieved her of the dropsy. I am aware that this statement is so strange as to appear almost like fiction, but it is, nevertheless, sober reality. Your Sarsaparilla is certainly a valuable medicine, and should be used by every one that is suffering as we have been. If any disbelieve this account, they are at liberty to call'at my house and have occular demonstration. Yours &c. Wm. Towsen, 1 James st. Dyspepsta.
