to defy competition.

The advantages to be derived from having a large stock to select from, ought certainly to be apparent to every one; only two need be mentioned:

1st. The variety to please the taste.

2d. The advantage of purchasing at the lowest prices; for it is certainly evident to every thinking mind, that the larger the business done, the smaller the profit required. It is so in every branch of trade. The manufucturer sells to the wholesale package dealer; the wholesale package dealer. package dealer; the wholesale package dealer sells to the jobber, and the jobber to the retail country dealer; so that the farmer or the consumer of the article pays at least four profits!

Curious case of Consumption.

Dr. Townsend—Dear Sir;—For the last three years I have been afflicted with general debility and nervous consumption of the last stage, and did not expect ever to gain my health at all. After using six bottles I found it done me great good, and called to see you at your office; with your advice I kept on, and I do most heartily thank you for your advice. I persevered in taking the Sarsaparilla, and have been able to attend to my usual labors for the last four months, and I hope by the blessings of God and your Sarsaparilla to continue my health. Two Children Saved.

Very few families indeed—in fact we have not heard of one—that used Dr. Townsend's Sarsapaparilla in time lost any children the past summer, while those that did not sickened and died. The certificate we publish below is conclusive evidence of its value, and is another instance of its saving the lives of children:

Dr. Townsend—Dear Sir: I had two children cured by your Sarsaparilla of summer complaint and dysentery; one was only 15 months old and the other three years. They were much reduced, and we expected they would die; they were given up by two respectable physicians. When the doctor informed us that we must lose them, we resolved

informed us that we must lose them, we resolved to try your Sarsaparilla which we heard so much ot but had little confidence, there being so much stuff advertised that is worthless; but we are very thankful that we did, for it undoubtedly saved the lives of both. Yours respectfulty, JAMES CUMMINGS. Could not Walk. That Dr. Townsend's Sarsaparilla is the very best renedy for female complaints there is no disputing: thousands and thousands of weak and debilitated females that were prostrated by those diseases to which females are subject were soon in the enjoyment of robust health.

Dr. Townsend—Dear Sir: My wife has for the last year been very sick, and in a greatly reduced state of health, being reduced by a variety of complaints such as females are liable to; she got so bad at night that she was entirely unable to walk, and was helpless as a child; she commenced using y ar Sarsaparilla, and she immediately began to regain her strength, her complaints left her, and after taking several bottles she is restored. Being a singular case I have thought it might do good to publish it. She used a number of remedies that done her no good previously. Yours respectfully, John Muller, 87 Norfolk street.

John Mullen, 87 Norfolk street. To the Ladies—Great Female Medicine. Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient consumption, and for the speedy cure for incipient consumption, and for the general prostitution of the system—no matter whether the result of inherent cause or causes, produced by irregulant; illness or accident.

It will not be capected of us in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us.

Dr. Townsend: My wife being greatly distressed by weakness and general debility, and suffering continually by pain with other difficulties, and having known cases where your medicine has effected great cures: and also hearing it recommended for such cases as I have described, I obtained a bottle such cases as I have described, I obtained a bottle such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla and followed the directions you gave me. In a short period it removed her complaints, and restored her to health—Being grateful for the benefits she received, I take pleasure in thus acknowledging it and recommending it to the public.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to believe she is approaching that critical period, "the turn of life," should neglect to take it, as this is a cortain preventive for any of the numerous and horrible discusses to which females are subject at this time of life. This period may be delayed for several years by taking this medicine. It braces the whole system, renows permanently the natural energies—by removing the impurities of the body—but so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disdass.
