Terrible Murder of a whole Family. One of the most extraordinary cases of murder was tried in the Supreme Court, at Nashville, a few days since, that has ever been brought under legal investigation. Patsey A. Troxdale, Nicholas zens and William E. Unton were indicted and convicted in Overton county, Tenn., for the mur-der of the O'Neal family, consisting of the father, mother and five children, embracing the whole family except Patsey A. Troxdale, who was a daughter of old O'Neal. The three defendants were all found guilty of murder in the first degree, and sentenced to be hung. Upon appeal to the Supreme Court, a new trial was granted, mainly be accompanied to Washington only by Col Riss upon the ground that one of the jurors had formed and expressed an opinion as to the guilt of the par-ties before he was chosen as a juror. It appears om the record that the murder was committed in

Overton county, about the 1st of Sept. 1846. The defendants were implicated solely upon cir intemperance. He was living in the mountains with his wife and six children—they were poor people, and no suspicion exists as to the murder having been committed for money. The proof shows that Patsey A. It seems that the defendants, Stephens and Upton, were on the premises, in company with Patsey, in an out house, on the night of Friday, and nothing is shown to have occurred afterwards throwing light upon the transaction, until Sunday morning, when it was discovered that the house in which O'Neal lived was burned down. MR. ROHRER, a very highly esteemed Merchant of Lancaster city, writes as follows:

LANCASTER, Pa., June 9, 1848.

Doctor William Steelling:—It affords me great pleasure to state to you that I have used your Pulnonary Syrup with great benefit for Coughs, Pain n the breast, and Bronchitis. It is about one year ince I begun the use of it. I consider it the best rticle I know of for those complaints, having de-ived great benefit myself from it in those affections, I have no hesitation in recommending it to all who labor under similar diseases. I have also given it to my little son with great advantage.

Dr. Wm. Steelling:—I take pleasure in informing you that I have been greatly benefitted by the use of your Pulmonary Syrup. I had contracted a very severe cold, and with it a violent cough, so that I would sometimes spit blood; in this condition you found me when you gave me a bottle of your Syrup, I had not taken half a bottle before I found myself much relieved, and in fact felt like a new man. I would recommend your Pulmonary Syrup to all who may be afflicted with colds or any other diseases of the lungs.

Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come, the means are supplied; this Grand and Unequalted Preparation is manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the old Dr's Sarsaparilla.
