Philadelphia China Store. THE subscribers, proprietors of one of the oldest and most extensive China Stores in the United States, have now on hand a very large supply of Common Ware, Grantle Ware, China Ware, and Glass Ware, embracing all the varieties ever imported, which they will sell in large or small quantities, wholesule or retail, to suit the wants of the people, at prices

to defy competition.

The advantages to be derived from having a large stock to select from, ought certainly to be apparent to every one; only two need be mentioned:

1st. The variety to please the taste.

2d. The advantage of purchasing at the lowest prices; for it is certainly evident to every thinking mind, that the larger the business done, the smaller the profit required. It is so in every branch of trade. The manufacturer sells to the wholesale package dealer; the wholesale package dealer sells to the jobber, and the jobber to the retail country dealer; so that the farmer or the consumer of the article pays at least four profits!

Why pay so many profits when you can come

It has been proved that nearly every disease to which the human frame is subject, originates from impurities of the Blood or Derangements of the Digestive Organs; and to secure Health, we must remove those obstructions or restore the Blood to its natural state. This fact is universally known; but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired Constitution or a fit of sickness rebukes them for the folly of their conduct. Still they had some excuse, for heretofore, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for Clickner's Vegetable Purgative Pills, being completely enveloped with a coarting of Pure WHITE SUGAR, (which is distinct from the kernel) have no taste of medicine, but are as easily ING OF PURE WHITE SUGAR, (which is distinct from the kernel) have no taste of medicine, but are as easily the kernel) have no taste of medicine, but are as easily swallowed as bits of candy. Moreover they do not nauseate or gripe in the slightest degree, which is occasioned by the fact that they are compounded on scientific principles and operate equally on all the diseased parts of the system, instead of confining themselves to. and racking any particular region.

Messrs. Wyatt & Ketcham:

Gentlemen—I am constrained to give you a statement of the benefit I derived from using Dr. Upham's Electuary, in a case of Piles, by so doing, I shall render a benefit to those who are suffering from that troublesome disease. I was reduced for several years by the Piles so much that it was with great difficulty for me to walk or attend to my business. I also suffered from other diseases, which were extremely troublesome, and which I am pleased to say two boxes of the Electuary entirely removed; and that my health is better now than it has been for many years. It has done me and my family since more good, and with less expense, than all the physicians to whom I have applied, or medicine that I have used.

I remain, still in perfect health,

the lives of children:

Dr. Townsend—Dear Sir: I had two children cured by your Sarsaparilla of summer complaint and dysentery; one was only 15 months old and the other three years. They were much reduced, and we expected they would die; they were given up by two respectable physicians. When the doctor informed us that we must lose them, we resolved to try your Sarsaparilla which we heard so much of but had little confidence, there being so much stuff advertised that is worthless; but we are very thankful that we did, for it undoubtedly saved the lives of both. I write this that others may be induthankful that we did, for it undoubtedly saved the lives of both. I write this that others may be induced to use it. Yours, John Wilson, jr.

That Dr. Townsend's Sarsaparilla is the very best remedy for female complaints there is no disputing; thousands and thousands of weak and debilitated females that were prostrated by those diseases to which females are subject were soon in the enjoyment of rabust health. N. Y. Sep. 23, 1847

Dr. Townsend—Dear Sir: My wife has for two last year been very sick, and in a greatly reduced state of health, being reduced by a variety of complaints such as females are liable to; she got see bad at length that she was entirely unable to walk, and was as helpless as a child; she commenced using your Sarsaparilla, and she immediately began to regain her strength, her complaints left her, and after taking several bottles she is restored. Being a singular case I have thought it might do good to publish it. She used a number of remedies that done her no good previously. Yours respectfully, JOHN MULLEN, 87 Norfolk street.

New York, July 22, 1846.

Dr. Townsend—Dear Sir: My wife has been af flicted with a disease of the heart, and with a terrible rupture for over fifteen years, the greater part of the time. She has been troubled with shortness of breath, and great fluttering of the heart, which has been very distressing, and has frequently been unable to leave her bed. The rupture was very large and severe. She tried almost every remedy for such cases with but little benefit. When she had taken but three bottles of your excellent medicine she was entirely relieved of the fickleness of the heart, and the rupture has almost entirely disappeared. She has also had the dropsy, and was very much swollen. We had no idea that she could be benefitted as she had such a complication of dis-

Sie has also had the dropsy, and was very much swollen. We had no idea that she could be benefitted as she had such a complication of diseases. But it has, as strange as it may appear, relieved her of the dropsy. I am aware that this statement is so strange as to appear almost like fiction, but it is, nevertheless, sober reality. Your Sarsaparilla is certainly a valuable medicine, and should be used by every one that is suffering as we have been. If any disbelieve this account, they are at liberty to call at my house and have occular demonstration. Yours &c. Wm. Towsen, I James st. Dyspeptia.

Dr. Townsend—Sir: I have been afflicted for several years with dyspepsia in its worst form, attended with sourness of stomach, loss of appetite, extreme heartburn, and a great aversion to all kinds of food, and for weeks (what I could eat) I have been unable to retain but a small portion on my stomach. I tried the usual remedies, but they had but little or no effect in removing the complaint. I was induced, about two months since, to try your
