Philadelphia China Store. HE subscribers, proprietors of one of the oldest and most extensive China Stores in the United States, have now on hand a very large supply of Common Ware, Granite Ware, China Ware, and

Glass Ware, embracing all the varieties ever imported, which they will sell in large or small quantities, wholesale or retail, to suit the wants of the people, at prices

to defy competition.

The advantages to be derived from having a large stock to select from, ought certainly to be apparent to every one; only two need be mentioned:

1st. The variety to please the taste.

2d. The advantage of purchasing at the lowest prices; for it is certainly evident to every thinking mind, that the larger the business done, the smaller the profit required. It is so in every branch of trade. The manufucturer sells to the wholesale package dealer; the wholesale package dealer; the wholesale package dealer sells to the jobber, and the jobber to the retail country dealer; so that the farmer or the consumer of the article pays at least four profits? of the article pays at least four profits! Why pay so many profits when you can come directly to head quarters?

THIS Extract is put up in quart bottlestimes cheaper, pleasanter, and warranted superior to any sold. It cures diseases without comiting, ourging, sickening or debilitating the patient, and a particularly ada; ted for a Spring and Summer

The great beauty and superiority of this Sarsapa-rilla over all other remedies is, while it eradicated disease, it invigorates the body. Consumption cured. It cleanses and strengthens. Consumption can be ured. Bonchitis, consumption, liver complai coids, coughs, catarrh, asthma, spitting of blood, soreness in the chest, hectic flush, night sweats, difficult or profuse expectoration and pain in the side, &c., have and can be cured.

Probably there never was a remedy that has been so successful it.

so successful in desperate cases of consumption as this; it cleanses and strengthens the system, and appears to heal the ulcers on the lungs, and the patients gradually regain their usual health & strength.

Curious case of Consumption.

Dr. Townsend—Dear Sir:—For the last three years I have been efficiently the general debility and Dr. 10wnsend—Dear spr:—ror me has three years I have been afflicted with general debility and nervous consumption of the last stage, and did not expect ever to gain my health at all. After going through a course of medicine under the care of the most distinguished -egular physicians and members of the Board of Health of New York and elsewhere and spending the mean of my exprings in attempting and spending the mast of my earnings in attempting to regain my health, and after reading in some pa-per of your Sarsaporilla, I resolved to try it. After using six bottles I found it done me great good, and called to see you t your office; with your advice I kept on, and I do most heartily thank you for your advice. I persevered in taking the Sarsaparilla, and have been able-to attend to my usual in rilla, and have been able-to attend to my usual labors for the last four months, and I hope by the blessings of God and your Sarsaparilla to continue my health. Dr. Townsend: I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla but a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for those results. Your obedient servant, W. Russell, 69 Catharine street.

Lost her Speech. Brooklyn, Sept. 13, 1847.

Dr. Townsend—I take pleasure in saying for the benefit of those whom it may concern, that my daughter, two years and six months old, was afflicted with general debility and loss of speech. She was given up as past recovery by our family physician; but fortunately I was recommended to try your Sarsaparilla. Before having used one bottle she recovered her speech and was enabled to walk she recovered her speech and was enabled to walk slone, to the astonishment of all who were ac-quainted with the circumstance. She is now quite well and in much better health than she has been

Program of the Blood or Derangements of the migration of the surgent Health, we must remove those obstructions or restore the Blood to its natural state. This fact is universally known; but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the ctre, until an impaired Constitution or a fit of sickness rebukes them for the folly of their conduct. Still they had some excuse, for hereloffer, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Could not Walk. thousands and thou ands of weak and debilitated females that were p outrated by those diseases to which females are abject were soon in the enjoyment of robust health. N. Y. Sep. 23, 1847

Dr. Townsend—Lear Sir: My with has for twe last year been very sick, and in a greatly reduced state of health, being reduced by a variety of complaints such as ferrales are liable to; she got so bad at length that sle was entirely unable to walk, and was as helpless as a child; she commenced using your Sarsaparilla, and she immediately began to regain her strength, her complaints left her, and after taking, several lottles she is restored. Being a singular case I have thought it might do good to publish it. She used a number of remedies that done her no good previously. Yours respectfully.

Dr. Townsend's Straparilla is a sovereign and speedy cure for inci sient consumption, and for the general prostitution of the system—no matter whether the result of inherent cause or causes, produlated by irragalactic linese or accident

This Extract of Srrsaparilla has been expressly prepared in reference to female complaints. No fe-

ficted with a disease of the heart, and with a terri-ble rupture for over fifteen years, the greater part of the time. She has been troubled with shortness of breath, and great fluttering of the heart, which has been very distressing, and has frequently been unable to leave her bed. The rupture was very large and severe. She tried almost every remedy for such cases with but little heacht. When sho has been very distressing, and has frequently been unable to leave her bed. The rupture was very large and severe. She tried almost every remedy for such cases with but little benefit. When she had taken but three bottles of your excellent medicine she was entirely relieved of the fickleness of the heart, and the rupture has almost entirely disappeared. She has also had the dropsy, and was very much swollen. We had no idea that she could be benefitted as she had such a complication of diseases. But it has, as strange as it may appear, relieved her of the dropsy. I am aware that this statement is so strange as to appear almost like fiction, but it is, nevertheless, sober reality. Sarsaparilla is certainly a valuable medicine, and should be used by every one that is suffering as we have been. If any disbelieve this account, they are at liberty to call at my house and have occular demonstration. Yours &c. Wist. Towser, 1 James st.

This Extract of Sr saparilla has been expressly prepared in referenc: to female complaints. No female who has reason to believe she is approaching that critical period, "the turn of life," should neglect to take it, as this is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by taking this medicine. It braces the whole system, renews permanently the natural energies—by removing the impurities of the body—but so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease.
