ordinary case of Heaves, and to administer in a dozen cases of cold, catarrh, &c. At this season, while the horse is shedding his coat his vital energy is much reduced, and he is entremely liable to colds, &c., many cases of incip-ient Heaves are contracted now, but are suppressed by pasture or warm weather, till they break out in full force in the fall. Thousands of horses can be saved from future unsoundness, if when the first symptons of cold or wheezing is observed, a few doses of the *Taitersall's Heave Powders* should be administered. They are warranted to wholly eradicate recent heaves at this season.

eradicate recent heaves at this season. Great Spring Purifier.—The Heave Powders given in small doses, will be found most useful at this season. They stimulate the skin to cast off the superfluous hair and produce new; they loosen the hide, give a glossy appearance to the coat, pro-tect against disease; they also form their fine alterative and restorative powers, purify the blood and renovate the whole system, which horses re-quire at this season as much as any of the human race, who find a preparation of Sarsaparilla useful to correct a vitiated state of the fluids, incident to the change of weather, which in the spring affect
