VOLUNTARY CERTIFICATES. United Stores Marshall's Office, New York, Dec. 6th, 1847.
Meesrs, Wyatt & Ketchan; — Messrs. Wyatt & Ketcham;—
Gentiemen—Understanding that you are the general agents for the sale of Dr. Upham's Vegetable Electuary, for the cure of Piles, I have beened it my duty to volunteer a recommendation in behalf of that invaluable medicine. I have been afflicted for many years with the Piles, and have tried various remedies, but with no beneficial effects. Indeed, I began to consider my case hopeless. But, about the first of September last, I was prevailed upon by a friend to make a trial of the above named medicine; I took his advice, and rejoice to say, that I am not only relieved, but, as I believe, perfectly cured. I most carnestly recommend it to all who may have the misfortune to be afflicted with that annoying and dangerous disease.

Very respectfully, your ob't servant,

Mexers. Wyatt & Ketcham:
Gentlemen—I um constrained to give you a
statement of the benefit I derived from using Dr.
Upham's Electuary in a case of Piles, by so doing,
I shall render a benefit to those who are suffering
from that troublesome disease. I was reduced for
several years by the Piles so much that it was with
areal difficulty for me to walk or attend to my great difficulty for preat time by for the to wait or attend to my business. I also suffered from other diseases, which were extremely troublesome, and which I am pleased to say two boxes of the Electuary entirely removed; and that my health is better now than it has been for many years. It has done me and inv family since more good, and with less by pense, than all the physicians to whom I have applied, or medicine that I have used.

Reinhardt's Patent Glass Pad Lever Truss. THESE TRUSSES have a superiority over any heretofore in use on account of their durabili nd cleanliness. The Rupture Pad, which is co and cleanliness. The Rupture Pad, which is constructed of Glass, has a double motion: 1st, by revolving on its own axis, and 2d, by the Lever, by which it is attached to the main spring. In this way it is so adjusted as to suit the motion of the body, and is always clean and durable, which in the ordinary stuffed pads is not the case. The manifest superiority these Trusses have over others, is, that they are more effectual in retaining the parts in their proper place and making an equal pressure. They can be adjusted to suit either side. The Umbilical Truss is unsurpassed, being so adapted as to remain perfectly secure when applied. These Instruments are for sale of different sizes, JOHN F.
