1st. The variety to please the taste.

2d. The advantage of purchasing at the lowest prices; for it is certainly evident to every thinking mind, that the larger the business done, the smaller the profit required. It is so in every branch of trade. The manufacturer sells to the wholesale package dealer; the wholesale package dealer the included the included of the included the ousiness. I also suffered from other diseases, which were extremely troublesome, and which I am pleased to say two boxes of the Electuary enrely removed; and that my health is better nov than it has been for many years. It has done me mable and my family since more good, and with less ex-King pense, than all the physicians to whom I have ap-lotel, phed, or medicine that I have used.

Allusion is had to Thompson's Conpound Syrup of Tar and Wood Naptha—the preparation of one, who, having given to diseases of the Lungs and their means of cure, the most careful and thorough attention, presented to the public this great remedy.

The soothing and curative power of TAR has often been observed in severe coughs, and Consumption. But in the above preparation, beside some of our most valuable vegetable pectorals there is conjoined with it the Wood Naptha, a med icine but lately introduced, but which has been employed with most satisfactory results in England, in Pulmonary Consumption, especially of a Tuberculous form.

O LD DR. TOWNSEND is now about 70 years of age, and has long been known as the author and discoverer of the Genuine Original Townsend Sarsaparilla. Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful HEALING POWER. But such is not the

SARSAPARILLA.

agent in the CURE OF INNUMERABLE DISEASES. Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing wonders in the cure of Consumption, Dyspepsia, and Liver Complaint, and in Rheumatism, Scrofula, Piles, Costiveness, all Cutaneous Eruptions, Pimples, Blotches, and all affections arising from

affections arising from IMPURITY OF THE BLOOD. It possesses a marvelous efficacy in all complaints arising from Indigestion, from Acidity of the Stomach, from unequal circulation, determination of blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the ieet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Coughs; and promotes easy expectoration and gentle perspiration, relaxing strictures of the lungs, throat, and every other part. But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of FEMALE COMPLAINTS.

FEMALE COMPLAINTS.

It works wonders in cases of Flour Albus or Whites, Falling of the Womb, Obstructed, Suppressed, or Painful Menses, Irregularity of the menstrual periods, and the like, and it is effectual in curing all the forms of Kidney Disease. By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, and thus cures all forms of Nervous Diseases and Debility, and thus prevents or relieves a great variety of other maladies, as Spinal Irritation, Neuralgia, St. Vitus' Dance, Swooning, Ep ileptic Fits, Convulsions, &c.

It cleanses the blood, excites the liver to healthy

action, tones the stonach, and gives good digea-tion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalizes the circulation of the blood, producing gentle warmth equally over all parts of the body, and the insensible perspiration; relaxes all strictures and tight ness, removes all obstructions, and invigorates the entire nervous system. Is not this then the medicine you pre-enimently need?

But can any of these things be said of S. P. Town-send's inferior article? This young man's liquid

is not to be COMPARED WITH THE OLD DR'S, because of one Grand Fact, that the one is incapa ble of Deterioration, and NEVER SPOILS,

while the other does; souring, fermenting, and blowing the bottles containing it into fragments; blowing the bottles containing it into fragments; the sour, acid liquid exploding, and damaging other goods! Must not this horrible compound be poisonous to the system? What! put acid into a system already diseased with acid? What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs, what mischief it produces? flatulence, heart-burn, palpitation of the heart, liver complaint, diarrhea, dysentary, colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Eryspipelas, White Swellings, Fever Sores, and all ulcerations internal and external? It is nothing under heaven but an acid substance, which sours, and thus spoils all the

Souring, Fermenting, Acid Compound of S. P.
Townsend,
and yet he would fain have it understood that Old
Dr. Jacob Townsend's Genuine Original Sarsaparilla, is an imitation of his inferior preparation.
Heaven forbid that we should deal in an article
which would bear the least resemblance to S. P.
Townsend's article; and which should bring down
upon the old Dr. such a mountain load of complaint
and criminations from Agents who have sold, and
purchasers who have used S. P. Townsend's Ferpurchasers who have used S. P. Townsend's Fer purchasers who have used S. P. Townsend's Fermenting Compound.

We wish it understood because it is the absolute truth, that S. P. Townsend's article and old Dr. Jacob Townsend's Sarsaparilla are heaven-wide apart, and infinitely dissimilar; that they are unlike

in every particular having not one single thing in common.

As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common, unscientific, unprofessional man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease.

Weak Stomachs and Enfeebled Systems should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive system, and how to adapt remedies to these diseases!

It is horrible to think and to know how cruelly the afflicted are imposed upon by presumptuous men for the sake of money! Fortunes made out of the agonies of the sick! and no equivalent rendered the despairing sufferers!
