Do we not all know that when food sours in our stomachs, what mischief it produces? flatulence, heart-burn, palpitation of the heart, liver complaint, diarrhea, dysentary, colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Swellings, Fever Sores, and all ulcerations internal and external? It is nothing under heaven but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. The Art-Union is established for the purpose of extending a love for the fine arts throughout the United States, and to give encouragement to Ar-tists beyond that afforded by the patronage of indi-viduals. Its promoters believe that these arts can never attain their due rank in this country (already so far advanced in many of the other elements of civilization) until adequate encouragement be given to the highest efforts of the Painter and Sculptor.
