2d. The advantage of purchasing at the lowest prices; for it is certainly evident to every thinking mind, that the larger the business done, the smaller the profit required. Principal Office, 162 Nassau st., N. Y OLD DR. JACOB TOWNSEND, THE ORIGINAL DISCOVERER OF THE

THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla.

O age, and has long been known as the author and discoverer of the Genuine Original Townsend Sarsaparilla. Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful HEALING POWER Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciate d. This time has come, the means are supplied; this Grand and Unequalled Preparation is manu-factured on the largest scale, and is called for tho oughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the old Dr's Sarsaparilla. The Sarsaparilla Root, is well known to medical men contains many medical properties and some properties which are inert or useless, and others which if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so volatile, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific progress, known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it all it Genuine Townsend Sarsaparilla.

Any person can boil or stew the root till they get a dark colored liquid, which is more from the coloring matter in the root than from anything else; they can then strain this insipid or vapid liquid, sweeten with sour molasses, and then call it "Sarsaparilla Extract or Syrup." But such is not the article known as the

GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA.

This is so prepared, that all the inert properties of the Sarsaparilla root are first removed, everything capable of becoming acid or of fermentation, is extracted 5 rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the agent in the

Hence the reason why we hear commendations on every side in its favor by men, women, and children. It has not its equal in Colds and Coughs; and promotes easy expectoration and gentle perspiration, relaxing strictures of the lungs, throat, and every other part. But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of

Also, a new Cooking Stove, called the "Farmer."

Application has been made by the proprietor for Letters Patent for this stove, which he has designated "THE FARMER," in view of its complete adaption to the wants and uses of this class of the community. It has been constructed with great care, upon the most scientific and approved principles, and bids fair to become the most celebrated Cooking Stove in the country.

In addition to the above, the subscriber has an assortment of other COOKING STOVES adapted to the use of coal or wood, such as the "Complete Cook," the "Parlour Cook," &c., &c., with all sizes of NINE PLATE WOOD STOVES, and a sizes of NINE PLATE WOOD STOVES, and a community of the most collection of the cook," &c., &c., with all sizes of NINE PLATE WOOD STOVES, and a community of the mental cook, which is a complete to the cook, which is the complete than the cook of the cook, and the cook of the cook, with all sizes of NINE PLATE WOOD STOVES, and a cook of the It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalizes the circulation of the blood, producing gentle warmth equally over all parts of the body, and the insensities, removes all obstructions, and invigorates the entire nervous system. Is not this then the medicine you pre-eminently need?

But can any of these things be said of S. P. Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S, pecause of one Grand Fact, that the one is incapa-

ble of Deterioration, and NEVER SPOILS, while the other does; souring, fermenting, and blowing the bottles containing it into fragments; the sour, acid liquid exploding, and damaging other goods! Must not this horrible compound be poisonous to the system? What! put acid into a system already diseased with acid? What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs, what mischief it produces? flatulence, heart-burn, palpitation of the heart, liver complaint, diarrhea, dysentary, colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Eryspelas, White Swellings, Fever Sores, and all ulcerations internal and external? It is nothing under heaven but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations, and nearly all the ailments which affect human nature.

Now is it not horrible to make and sell, and infinitely worse to use this Souring, Fermenting, Acid-Compound of S. P. Townsend, acta-Compound of S. P.

Townsend,
and yet he would fain have it understood that Old
Dr. Jacob Townsend's Genuine Original Sarsaparilla, is an imitation of his inferior preparation.

Heaven forbid that we should deal in an article

in every particular having not one single thing in common.

As S. P. Townsend is no doctor, and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common, unscientific, unprofessional man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease! It requires a person of some experience to cook and serve up even a common decent medi. How much more important is it that the persons who manufacture medicines designed for Weak Stomachs and Enfeebled Systems should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive system, and how to adapt remedies to these diseases!

It is horrible to think and to know how cruelly the afflicted are imposed upon by presumptuous men for the sake of money! Fortunes made out of the agonies of the sick! and no equivalent rendered the despairing sufferers! For sale by he despairing sufferers! For sale by

Asthma, Bronchitis, Spitting Blood, Pain in the side and breast, Sore Throat, Hoarseness, Palpatatios of the Heart, Whooping Cough, Hives, Nervou, Tremors, Liver Complaint, and Diseased Kidneys, are radically cured, by Thompson's Compound Syrup of Tar and Wood Naptha.

A LTHOUGH the great fatality of Pulmonary Diseases, at this time shows that there are particular cases that render still too applicable the designation, approbia medicorum—the disgrace of physicians—to this call of diseases; and that there are stages in their progress, which having once been reached, recovery is doubtful. Still no one should despair. The writings of physicians, who have given to these affections particular attention, abound with many recorded cases of recovery when the patient had reached a seeming hopeless stage of the disease; and there is at this time, a remedy prepared in Philadelphia which has met with the most triumphant and cheering success in the most obstinate forms of Throat and Pulmonary Diseases—so as to have obtained the sanction and employment in the practice of many physicians.

Allusion is had to Thompson's Compound Syrup of Tar and Wood Naptha—the preparation of one, who, having given to diseases of the Lungs and their means of cure, the most careful and thorough attention, presented to the public this great remedy. The soothing and curative power of TAR has often been observed in severe coughs, and Con sumption. But in the above preparation, beside some of our most valuable vegetable pectorals there is conjoined with the Wood Naptha, a med icine but lately introduced, but which has been employed, withmost satisfactory results in England, in Pulmonary Consumption, especially of a Tuberculous form.

There is a Sarsaparilla for sale in the different towns called old Dr. Jacob Townsend's Sarsaparilla. It is not verticed as the original, &c. This is a notorious falsehood. Dr. Townsend has expended over \$200,000 the last eight years in advertising his Sarsaparilla, which has obtained a character and reputation throughout the United States and a greater part of the world—the sale being enormous.

This excited the cupidity of certain unprincipled men, and as old man who has been engaged in peddling cheappublications for a number of years. This man's unner is Jacob Townsend. He applied to a number of men to get engloyment, or josell the use of his name to put up Dr. Townsend's Sarsaparilla, stating the large sales and sums we had expended in advertising as an inducement at the sum of the same time to the same and the sum of the same to the charge of the charge of the same and in the sum of the same and inducement as the same and the same a

Dr. Townsend—Déar Sir: I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than a thousand dollars worth of good, I am so much better—indeed I am entirely relieved. You are at liberty to use this for the benefit of the afficied.

Female Medicine.

Dr. Townsand's Sarsaparilla is a sovereign and specify cure for incipient Consumption, Barrennes, Proapsus Uterl or Falling of the Womb, Costiveness, Proapsus Commence of Urine, or involuntary discharge thereof, and for the general prostration of the system—on matter whether the result of inherent cause, or causes produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects upon the human frame. Persons of all weakness and lassitude from taking it at once become robust and full of energy under its influence. It immediately counteracts the nervolessness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures, performed, but we can assure the afflicted, that hundreds of cases where families have been without children, after using a few bottles of this invaluable medicine, have been bleased with fine, healthy offspring. It has been expressly prepared in reference to female complaints. No female who has reason to suppose sie is approaching that critical period, "The turn of tife," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching who delayed for several years by using this medicine, when the delayed for several years by using this medicine, when the delayed for several years by using this medicine, when the delayed for several years by using this medicine is invaluable for all the delicate diseases to which women are subject.

Great Blessing to Mothers and Children Great Blessing to Blothers and Children it is the safest and most effectual medicine for purfying the system, and relieving the suffering attendant upon childbirth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food, those who have used it think it is indispensable. It is highly useful both before and after confluement, as it prevents diseases attendant upon childbirth. In Costiveness, Piles, Cramps, Swelling of the Feet, Despondency, Heartburn, Vontiting, Pain in the back and Loins, Faise Peins, Hemorrhage, and in regulating the Secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully.

Notice to the Ladles.

Those that imitate Dr. Townsend's Sarsaparilla, have invariably called their stuff a great Remedy for Females &c., &c., and have copied our bills and circulars which relates to the complaints of women, word for word—other men who put up medicine, have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these mixtures, Pills, &c., are injurious to females, as they aggravate disease, and undermine the constitution. Dr. Townsend's is the only and best remedy for the numerous female complaints—it rarely, if ever fails of effecting a permanent cure. It can be taken by the most delicate females, in any case, or by those expecting to become mothers, with the greatest advantages, as if prepares the system and prevents pain or danger, and strengthens both mother and child. Be careful to get the genuine.
