TO THE PUBLIC. The lands embraced in the above proclamation are located principally on and adjacent to the Mis-sissippi and St. Croix Rivers. Those designated as mineral are extremely valuable; because in ad-dition to the copper and other ores found in them, they are well watered, and have ready access to market, either to the South, by the Mississippi river, or to the East, by the way of the lakes, and the several lines of communication that connect therewith. NOTICE. FALLS OF ST. CADIX.—The sales advertised above to be held at the land office at the *Falls* of *St. Croix River*, on the *fourth* day of *June* and the *third* day of *September* next, will not be held; a new district having been organized out of the part of that district lying in the *State* of *Wisconsin*, and the land office for that part in the *Territory* of *Minesota* having been directed to be removed to *Stillwater*, from and after the thirtieth day of *June* next, by act of Congress approved March 2, 1849. By the President: RICHARD M. YOUNG, The proximity of these mineral lands to the shore of Lake Superior, on which are several safe and credient harbors, and the water communication therefrom, by the Sault Ste. Marie, Lakes Huron, Erie, &c., furnish ready means of transporting the products of these lands to the principal markets of the United States at a very trifling cost. It likewise appears from the reports to this office, that the agricultural lands are of a fair quality, pro-ducing the usual culinary vegetables and grass in abundance, and, when properly tilled, they have been found favorable for grain crops also; and for all these products, a fair price and good market will be found at the mines.
