FROM CALIFORNIA.

Highly interesting Intelligence from the Gold Regions. General State of the Country, &c.

NEW ORLEANS, August 3, 1849.

The steamship Falcon arrived from Cnagres this morning, with fifty-three passengers and one hundered and sixty-nine thousand and eighty five dollars in specie and gold dust, on board. She also brings a large mail.

PANAMA, July 23, 1849.

The accounts from the mines are very contradictory, but digging appears to go on briskly.

Many of Stevenson's regiment are prowling obout and committing depredations upon the Chilians and Peruvians.

Mechanics of every kind are in great request, and carpenters command any rate of wages.

Notwitstanding the absence of civil law, the country remains in a perfectly tranquil state, and no depredations of an atrocious character have occurred except three committed by the volunteers.

Houses still command enormous rents, and lodging is stated to be as high as three dollars per night, without a bed to lie on.

There are about four hundred persons now in Panama.

Since the sailing of the Crescent City, six Americans have died on the Isthmus.

California, generally, is very healthy.

We have gleaned the following interesting information respecting California, the gold mines and the people, from a gentleman who was passenger in the steamship Falcon, and who comes direct from San Francisco.

The health of San Francisco is good, and the residents of the town much more orderly and quiet than could be anticipated.

The gambling houses are all closed on Sunday, and labor of every kind suspended, although worth from ten to fifteen dollars per day.

Four churches have been already built, and another expected daily to arrive.

The most respectable Americans reside in the city and there are rarely any difficulties, except such as occasionally arise between the immigrants and the natives.

The market has been completely overstocked with goods. Clothing sells for less than in the States.

Houses and lumber are very high and scarce. A house about forty feet long by twenty feet wide, worth in the States four hundred dollars, would readily sell here for $2,500. The expense of putting it up would be full seven hundred dollars.

Gold continues plenty. Large quantities of it were daily arriving. It was selling for $15 per ounce, for specie, and taken at $16 per ounce in payment for goods.

Though immense quantities of gold had been found, it was considered to be unexhausted.

On the 1st of August a convention was to have been held, at which delegates were to be chosen, to form a Territorial government, when it is intended to apply for admission into the Union.

At the mines Lynch law was supreme. When a man is caught stealing, a jury is chosen, the evidence heard, and should he be convicted, he is immediately flogged and driven away from the mines.

A Physician's Remedy.

For affections of the Lungs, Shortness of Breath, &c.

Sussex county, N. J., Nov. 8, 1847.

Dr. Seth W. Fowle,—Dear Sir; I have been induced, in consequence of the benefits received from your medicine, to add my testimony in favor of its extraordinary healing properties. Having been afflicted for several months with a severe lung disease, under which I labored with shortness of breath and great bodily weakness, I was *recommended by a Physician* of Hackettstown, (N. J.,) to try *DR. WISTAR'S BALSAM OF WILD CHERRY*, which not only gave me relief, *but restored my failing strength, and also imparted new life and energy* to my system. I can therefore cheerfully recommend to all afflicted with lung diseases, to try this Balsam of Wild Cherry. Respectfully yours,

THEODORE J. ALLEN.

GENERAL DEBILITY, EMACIATION,

GREAT LOSS OF FLESH, INDIGESTION, DISTURBED FUNCTIONS OF THE LIVER, HABITUAL CONSUMPTION, HUMORS, FRIGHTFUL DEBILITY OF THE STOMACH AND NERVES.

DR. S. O. RICHARDSON:—SIR,—Having been for the last two years very much debilitated and much out of health otherwise, and had the advice of 20 or 30 of the best physicians in Charleston, (S. C.,) New York, Saratoga Springs, and a number of other places, I was in Boston on the 4th of last March, and called at your office and bought a bottle of your Sherry Wine Bitters. After I returned home I bought more. I commenced gaining from the very first. I have taken three bottles, and am now well. My case was despaired of as certainly incurable, but in three months I gained fifty-seven pounds—which is surprising, as I have eaten nothing but bread and milk. I shall continue the same.—Your medicine is doing much good.

Very Respectfully,
(Signed) C. CHAMBERLIN.

YOUTH, AGE, STYLE, TASTE, BEAUTY, and FASHION.—The seasons of life should be arranged like those of the year. In the spring of youth, when all is lovely and gay, then as the green covering is spread on all the face of smiling nature in brightness and beauty, so let the dress pertake of the season. Fine taste as well as fashion decrees the necessity of nicely adapted garments; to age, circumstances, and season. The man whose head is silvered over with age, who feels not the blood of youth dancing in his veins, should not run into extremes of dress—nor yet should he permit his Clothing to be so far behind the times as to render him ridiculous. There is a becoming Fashion—fashionable dress suitable for the age and season of life, as well as for the season of the year. You can be suited in handsome style, in CLOTHING that is well and fashionably made, of good materials, that will fit well, and become the figure and season, at the LANCASTER HALL OF FASHION of JOS. GORMLEY, North Queen Street, 2 doors south of Orange. [July 10–24

LANCASTER MUSEUM.—Great preparations are making at this popular establishment in the way of alterations, and beautifying the place. A new saloon will shortly be completed, which will surpass any thing of the kind ever attempted in this city. It is to be well ventilated. Seats to be arranged with backs, and cushioned for Ladies—and a very select and talented company are engaged, and will perform a popular drama on the opening night. We hope they may succeed.

The borough of Strasburg is situated in the most beautiful and fertile section of Lancaster county, about 7 miles from the city of Lancaster, and is a most delightful place of resort for the summer season. To the citizens of Philadelphia, who are desirous of securing a quiet and pleasant retreat from the pestilential atmosphere by which they are surrounded, the Borough of Strasburg is recommended as possessing many advantages over other places. It is but a few hours ride from the city, and board may be obtained of an excellent character upon the most reasonable terms.
