The time has now arrived, that persons suffering from secret disease, need no more become the victim of quackery as by the prescriptions contained in this book any one may cure himself, without hindrance to business, or the knowledge of the most intimate friend, and with one-tenth the usual expense. In addition to the general routine of private disease, it fully explains the cause of manhood's early decline, with observations on marriage—besides many other derangements which it would not be proper to enumerate in the public prints. 134 South Second Street, Philadelphia.

Principal Office, 162 Na. OLD DR. JACOB TOWNSEND, THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla. DLD DR. TOWNSEND is now about 70 years of age, and has long been known as the author and discoverer of the Genuine Original Townsend Sarsaparilla. Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, never theless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful HEALING POWER. Knowing, many years ago, that he had, by his

its excellence and wonderful HEALING POWER.
Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come, the means are supplied; this Grand and Unequalled Preparation is manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the old Dr's Sarsaparilla. The Sarsaparilla Ropt, is well known to medical men contains many medical properties and some properties which are inert or useless, and others which if retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so volatile, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific progress, known only to those experienced in its manufacture. Moreover, these volatile principles, which. Ify off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it all its value: medical properties of the root, which give to it all

Any person can boil or stew the root till they get a dark colored liquid, which is more from the col-oring matter in the root than from anything else; they can then strain this insipid or vapid liquid, sweeten with sour molasses, and then call it "Sarsaparilla Extract or Syrap." But such is not the article known as the

SARSAPARILLA.

This is so prepared, that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted 5 rejected; then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way, it is made the most powerful agent in the CURE OF INNUMERABLE DISEASES.

Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing wonders in the cure of Consumption, Dyspepsia, and Liver Complaint, and in Rheumatism, Scrofula, Piles, Costiveness, all Cutaneous Eruptions, Pimples, Blotches, and all affections arising from IMPURITY OF THE BLUOD.

IMPURITY OF THE BLUOD.

It possesses a marvelous efficacy in all complaints arising from Indigestion, from Acidity of the Stomach, from unequal circulation, determination of blood to the head, papitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds, and Coughs; and promotes eave expectoration and gentle person. and promotes easy expectoration and gentle perspiration, relaxing strictures of the lungs, throat, and

ileptic Fits, Convulsions, &c.

It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalizes the circulation of the blood, producing gentle warmth equally over all parts of the body, and the insensible perspiration; relaxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then the medical entire nervous system. Is not this then the medicine you pre-eminently need 1 But can any of these things be said of S. P. Town-send's inferior article? This young man's liquid

is not to be COMPARED WITH THE OLD DR'S, because of one Grand Fact, that the one is incapa ble of Deterioration, and NEVER SPOILS,

NEVER SPOILS,
while the other does; souring, fermenting, and
blowing the bottles containing it into fragments;
the sour, acid liquid exploding, and damaging other
goods! Must not this horrible compound be pois-It is following list includes a part of the most popular kind:—

Hathaway's Improved Cook Stoves.

Buck's Superior Cook do.

The "Paragon" Cook do.

Also, a new Cooking Stove, called the "Farmer."

Application has been made by the proprietor for Letters Patent for this stove, which he has designated "THE FARMER," in view of its complete adaption to the wants and uses of this class of the community. It has been constructed with great care, upon the most scientific and approved principles, and bids fair to become the most celebrated Cooking Stove in the country.

In addition to the above, the subscriber has an assortment of other COOKING STOVES adapted to the use of coal or wood, such as the "Complete Scook," the "Parlour Cook," &c., &c., with all sizes of NINE PLATE WOOD STOVES, and alarge variety of Coal Stoves for parlours, dining rooms and offices.

30 The proprietor of the Conestoga Foundry has purchased the right for manufacturing and selling the Hathaway and Rusch's Batteria and corrections of the system? What! put acid into a system? It is mortally discussed byspepsia but acid? Do we not all know tha when food sours in our stomachs, what mischief produces? flatulence, heart, liver complaint, diarrhea, dysentary, colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Swellings, Fever Sores, and all ulcerations internal and external? It is nothing under heaven but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinutents are in the body. The proprietor of the Constant and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deeranged circulations, and nearly all the ailly sources to use this Sourier, Fermenting, Acid Commoun

on meaning or disease than any other common, unscientific, unprofessional man, what guarantee can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knows nothing comparatively of medicine as discontinuous comparatively of medicine as discontinuous.

It is horrible to think and to know how cruelly the afflicted are imposed upon by presumptuous men for the sake of money! Fortunes made out of the agonies of the sick! and no equivalent rendered

the despairing sufferers! For sale by
