ANTI-METHITIQUE DE BULY. THE highly sanitory, balsamic, and tonic proper-ties of this Vinegar render it far superior to Cologne Water for the ordinary purposes of the toilet and the bath, surpassing the latter in its per-fume and cheapness, and in its greater efficacy for the promotion of cleanliness and health. This article has been known and extensively used in Europe for very many years, where it has, to a considerable extent, superseded the use of Cologne Water. The subscriber feels assured that it needs only to be made known in this country in ensure

to whose notice it has been submitted. It prevents and removes pimples, tetter, and asperity of the skin; it refreshes and whitens the skin, rendering it soft and smooth. It corrects the clammy and bitter taste of the mouth, imparting a fresh and pleasant breath. It cleanses and whitens the teeth, and hardens the gums. Friction with this Vinegar promotes perspiration and assuage rheumatic paips. It allays headache by application to the temples. It is effectual in strengthening the mation of the eveilds, and in strengthening the

mation of the eyelids, and in strengthening the eyes. Applied to a burn it prevents soreness. It possesses many other valuable qualities, which are emued at large in the printed wrappers accor

anying each bottle. The subscriber having, during a recent visit to Paris, obtained the original recipe for this invalua-ble preparation, now offers it to the American public, with a perfect confidence that it will be found in every respect equal to the article prepar by the original inventor.

We have purchased the patent right for the above valuable improvement for this county, and also shop rights for the counties of Dauphin, Leba-non, Berks and Chester. We have a number of certificates in our possession, but we do not deem it necessary to submit them to the public, the origi-nals of which may he seen by colling at the number fast to the ring D, which prevents it from drawing back and forms the check rein now in use, and to which the driving reins are buckled and pass back to the driver. For horseback, the loops and rings are dispensed with, the rein being continuous, form-

nals of which may be seen by calling at the works. We beg leave, however, to call public attention to the following letter, addressed to a citizen of this county by the superintendent of an extensive manu-facturing establishment in Franklin county: ing two reins, one of which is thrown over the saddle horn or strapped to the pummel, and the other to the rider's hand—both reins can pass thro the rings of a martingale.
