ROUSSEL'S VINAIGRE AROMATIQUE, COSMETIQUE, ET ANTI-METHITIQUE DE BULY. THE highly sanitory, balsamic, and tonic properties of this Vinegar render it far superior to Cologne Water for the ordinary purposes of the tollet and the bath, surpassing the latter in its perfume and cheapness, and in its greater efficacy for the promotion of cleanliness and health.

This article has been known and extensively used in Europe for year ways years, where it has to a

This article has been known and extensively used in Europe for very many years, where it has, to a considerable extent, superseded the use of Cologne Water. The subscriber feels assured that it needs only to be made known in this country to ensure its equally general adoption. It has obtained the approval of several eminent physicians of this city, to whose notice it has been submitted. It prevents and removes pimples, tetter, and sperity of the skin; it refreshes and whitens the kin, rendering it soft and smooth. It corrects the

clammy and bitter taste of the mouth, imparting a resh and pleasant breath. It cleanses and whitens the teeth, and hardens the gums. Friction with this Vinegar promotes perspiration and assuage rheumatic pains. It tallays headache by application to the temples. It is effectual in removing inflamnation of the eyelids, and in strengthening the eyes. Applied to a burn it prevents soreness. It estated at large in the printed wrappers accom-anying each bottle.

The subscriber having, during a recent visit to

Paris, obtained the original recipe for this invaluable preparation, now offers it to the American public, with a perfect confidence that it will be found in every respect equal to the article prepared by the original inventor. EUGENE ROUSSEL.

SHAVING AND HAIR CUTTING SALOON, in North Queen St., opposite Kauffman's Tavern, where he intends prosecuting the Tonsorial Business, in its varied branches. He will shave you as clean as a City Broker, and cut your hair to suit the cut of your head and the cut of your phiz.—Then the whole object and desire is, to improve the appearance of the human race. From long experience he flatters himself that he can go throidly all the ramifications of the Tonsorial Department with such an infinite degree of skill, as to meet the entire approbation of those who submit their Chins to the keen ordeal of his Razor.

January 16, 1849.

DENTISTRY. R. J. WAYLAN would respectfully inform the citizens of Lancaster, and others, that he has moved his Office, and now occupies Rooms opposite Schoffeld's Hotel, North Queen Street,—and as numbers in this city and elsewhere, can testify to his skill and faithfulness in the various operations of Dental Surgery. It is only necessary here to say. of Dental Surgery, it is only necessary here to say, that he will spare no efforts to render entire satis-

that he will spare no efforts to render entire satisfaction as heretofore.

For the information of those who are yet strangers to his manner of operating, he would take this occasion to remark, that the Baltimore College of Dental Surgery awarded to him the FIRST PRE-MIUM, a Mounted Rosewood Box of Dental Instruments, as a testimonial of his superior skill in the various operations pertaining to the profession of Dentistry. February 6, '49

THE President, Directors and Stockholders of the Farmers' Bank of Lancaster, hereby give notice that they will apply to the Legislature of Pennsylvania at its next session, for the renewal of of the present charter of the said bank, with bank-ing and discounting privileges. The said bank to be located as heretofore in the city of Lancaster, with the same name and style, and with the same capital now authorized by law. By order of the Directors.

C. HAGER, Pres't. G. CLARKSON, Cashier.

Y EORGE W. M'ELROY. ATTORNEY AT LAW, 

Seitz's Safety Bridle Bit.

THIS is a safety Bridle Bit invented and secured by Mr. Henry Seitz, of Marietta, Pa. This is expected to supersede eventually all others either for riding or driving, combining, and it does the common snaffle, so arranged with the pulley s to give any person perfect power over the mo icious or frightened horse. It obviates the obje-ous made to the severe bits now in use, whi vicious or frightened horse. It obviates the objections made to the severe bits now in use, which from their painful action, often make a spirited horse rear, kick and try to run away. This bit is pleasant in its action on the mouth, causing no pain whatever, and has the requisite power when wanted—no horse having been found able to resist it. The operation is as follows: The rein is hooked firmly to the saddle at A, passing through the look C, into the bit over the roller at B, and securing it fast to the ring D, which prevents it from drawing back and forms the check rein now in use, and to back and forms the check rem now in use, and to which the driving reins are buckled and pass back to the driver. For horseback, the loops and rings are dispensed with the rein being continuous, forming two reins, one of which is thrown over the saddle horn or strapped to the numbel, and the ing two reins, one of which is thrown over the saddle horn or strapped to the pummel, and the other to the rider's hand—both reins can pass throther ings of a martingale. For ladies it is particularly recommended on account of its safety and power, as a horse is by no means able to throw his head sufficiently low to kick. For double harness the reins should pass from the 1st horse over to the bit of the 2nd, through the bit and back to the the saddle piece at G, of the 1st horse—platting the reins as they cross each other histogen the

The undersigned is the Agent for Lancaste county, of the above Bit, and feels warranted in recommending it as a valuable invention. He would refer to the following persons, who have it in use: John Forry, Manor; Henry Spiehlman, Jr., Strasburg; Jacob Stahl, Dr. J. Cushman, Marietta. There is no necessity to multiply references, as the Bit recommends itself, upon inspection. For sale, wholesale and ratial to completations or the same properties. wholesale and retail, at manufacturers' prices. GEO. M. STEINMAN, Lancaster April 24, '49 \*6m-1

Iron Foundry and Machine Shop, Situated in Chesnut Street, a few doors West of the Museum Building, Lancaster, Pa. THE undersigned have purchased the above property, formerly known as the Lancaster City Works, and conducted by James Whitehill, with all the stock of Tools, Patterns and Machinery belonging thereto, and have added to it all the Tools, Machinery and Patterns belonging to the late firm of Pennell & Lenher, which makes their facilities for carrying on business fully equal to those of any other establishment in the State. They are now prepared to execute to order all manner of

are now prepared to execute to order all manner of Castings, either in Iron or Brass. IRON FOUNDRY.

Railroad Car Wheels and Castings; Rolling Mill, Grist and Saw Mill Gearing; Hot-blast Pipe for Anthracite and Charcoal Furnaces; Hot-blast Pipe and Stampers for working Cinder; Water Pipe, from 2 to 36 inches; Apple Nuts; Screws for Cider and Wine Presses; Hydrant Stocks and Spouts; Columns, Scrolls and Wreaths for dwellings and other buildings; Columns for Sun Cloth Frames; Fancy and Plain Cellar Gates, a large variety of patterns; Cast Iron Railing, both of the Gothic and Grecian styles, and embracing a great variety of chaste and beautiful designs. IRON FOUNDRY.

Wortz's Submerged Patent Water Wheels. Works's Submerged Patent Water Wheels. We have purchased the patent right for the above valuable improvement for this county, and also shop rights for the counties of Dauphin, Lebanon, Berks and Chester. We have a number of certificates in our possession, but we do not deem it necessary to submit them to the public, the originals of which may be seen by calling at the works. We beg leave, however, to call public attention to the following letter, addressed to a citizen of this county by the superintendent of an extensive many. county by the superintendent of an extensive manufacturing establishment in Franklin county:

CHAMBERSBURG, April 28, 1849. power, as a horse is by no means able to throw his head sufficiently low to kick. For double harness the reins should pass from the 1st horse over to the bit of the 2nd, through the bit and back to the the saddle piece at G, of the 1st horse—platting the reins as they cross each other between the horses.

Horses have been successfully driven with this bit, that were set aside as beyond management as hurness horses with ordinary severe bits, from the habit or invariable practice of running away in spite of the utmost endeavors of their driver—now they are good and serviceable horses.

The Bits are manufactured only by HALDEMAN SEITZ, of Marietta, Pa., who will attend to all orders concerning the sole of the same. The patent right of this invention has been secured, and it is coming fast into use.

MR. HENRY E. LEMAN:—Your favor of the 25th inst., is at hand, and in reply say that the Grindstones we run with Wortz's wheel are from 5 to 6 feet high, 9 to 12 inches thick, weighing irom 3 to 5000 lbs. We formerly used an undershot wheel 12 feet wide and 14 feet high. Our head in an ordinary stage of the water is about 3 feet, 3 or 4 inches. Sometimes much less than that. With the old wheel we run two grindstones and one rip hammer weighing about 80 lbs. with less water and doing more work in the same time. In regard to the quality of the wheel for the purpose of grinding, it is fir superior to any I have ever used or seen used, and for a low head I believe it is the best wheel in use—during the whole winter (which has been unusually cold we have not been affected at all with the ice, and in high water at a stage which weights headed as a limit to each of the same. MR. HENRY E. LEMAN: -- Your favor of the 25th has been unusually cold) we have not been affected at all with the ice, and in high water at a stage which would stop the old wheel entirely, we now find no inconvenience from back water. Any further information on the subject I will be happy to communicate, or if you could make it convenient to visit Chambersburg I will take great pleasure in showing you the wheels. Respectfully, yours, THOS. CARLILE.

MACHINE SHOP. MACHINE SHOP.

In this Office there are advantages greater than have ever yet been derived from the system of Life Assurance; which reason and experience convinec the Trustees may with safety be offered to the public. It will be found, on inquiry, that most offices have in the outset professed to act on some new principle; or to offer to assurers some one particular benefit not to be obtained from other societies. But policies are effected under various circumstances, and with widely different objects, and what may facilitate the views of one man, afand what may facilitate the views of one man, at fords no accommodation to another. It appears, therefore, to the Trustees of the Equitable, that the greatest good will be effected by that office, which allows such reasonable advantages to every

which allows such reasonable advantages to every assurer, as at the time of completing his Policy, he considers to be suitable to his particular case. On this principle they act, and a few instances will suffice to show the benefits derivable from its adoption—the greatest good of the greatest number. No policy will be disputed, unless under an act of fraud by the assured, and after the same shall have been declared by referees of undoubted character. In case of error, either as to age, or in the form of policy, or the answers of referees, such errors, unless wilful and fradulent, will not be deemed to vitate the policy.

The travelling leave is extensive and liberal. Persons insured for life have liberty to pass to and from the States of Virginia and Kentucky, and west of the river Mississippi, between the first day of November and the first day of July following. And to pass from any place or port within the British North American Colonics, or United States north of thirty-four degrees north latitude, without paying the states and the content of thirty-four degrees north latitude, without paying as the states and the content of the content of the river degrees north latitude, without paying as the content of the co

North American Colonics, or United States north of thirty-four degrees north latitude, without paying an extra premium. They are allowed to cross the Atlantic in first class steamers during May, June, July, August and September, free of charge; during remaining months of the year, 25 cents on each \$100 insured.

The age of the assured will be admitted on the policy. If the insured die in a duel, by his own hands, or under sentence of the law, such death will not invalidate the policy, except so far as it was the property of the deceased.

Thirty days allowed after each annual payment becomes due, and fitteen days after each quarterly and half yearly premium becomes due, without forfeiture of policy. Premiums or lapsed policies may be renewed at any time within six months on the production of satisfactory evidence as to the health of the insured.

When a party effects a policy upon the life of hnother, the Company will be satisfied if the party and, at the time, a bona fide interest in the life of the assured. The policy may be assigned to whomsoever the assured pleases, without the knowledge or assent of the Company (there being no clause in the Equitable policies usual in the policies of Mutual Companies, claiming a right to be notified of

or assent of the Company (there being no clause in the Equitable policies usual in the policies of Mutual Companies, claiming a right to be notified of an assignment and their approval obtained) so long as the assignment or transfer of a policy in the Equitable is a legal act, and the party who claims can give a legal discharge, the amount is paid by the Company. the Company.

The extraordinary advantage afforded by means The extraordinary advantage afforded by means of the Half Credit system, in not requiring, under any circumstances, an outlay of a larger sum of money than is absolutely necessary to secure the amount insured, is peculiarly applicable to the CREDITOR desirous of possessing a policy on the life his DEBTOR. If the dobt is paid off during these five years, he can discontinue the assurance altogether, having secured the amount, in the event of the debtor's death previously, at a less expense than would in any mutual office be charged for assuring the life for seven years. If the debt is NOT PAID he would be enabled to continue the assurance for the remainder of the debtor's life, whatever might then

remainder of the debtor's life, whatever might the be his state of health. Attention is particulary re HALF CREDIT RATES OF PREMIUM PER \$100 (Without security or deferred note.)

in advance, and has no LIABILITY of

Λge.

Age. Half Credit. during 5 year. 1 25 The assured has to pay the premium in all ca

sort or description. A defe taken by the Company.

Persons insuring should bear in mind that a promissory note given to a MUTUAL OFFICE at compound interest, soon amounts to more than the sum assured. Thus, \$100 per annum for 20 years at 6 per cent., would cause a DEDUCTION from the sum assured of THREE THOUSAND SIX HUNDRED AND SEVENTY-EIGHT DOLLARS AND FIFTY-FIVE CENTS. The premiums of Mutual Assurance Con being, as they profess, (though the Mutual offices "do somehow" advertise guarantee capitals) free from the burdens of dividends to shareholders, should be very much lower, than those of stock companies; YET THE EQUITABLE IS LOWER BY BIX TEEN PER CENT. THAN ANY MUTUAL OFFICE, and at the SAME BATES OF PERMIUM charged by the "New York Life," "The New York Mutual," "Albion," "Worcester Mutual," "Connecticul Mutual," "Pennsylvania," "Girard," "Penn," "New England," "Hartford," "Baltimore Mutual," "Boston Mutual," &c., &c., &c., in the Faultable the naventy seen allocation and
