The Argus has made an estimate of the popular vote of the State, taking the Congressional vote where candidates on both sides were run-and in two of the districts where the Democrats had no candidates, adopting the Gubernatorial vote of 1847. From all which it appears there is a clear Democratic majority in the State of 2.389!

The Fire still Burning.

The old Democratic fires, to use the language of the Baltimore Argus, are sweeping over the country with the force and velocity of the flames upon the dry and boundless prairies. Every thing in the shape of Whiggery is prostrated-scarcely enough left to make a decent funeral procession for the defunct animal.

Now, let us hear from New York, Louisiana and Mississippi the same kind of music, and we shall have had glory enough for one campaign.

the Sultan would persist in his refusal, in which he is supported by the British Ambassador. The Times seems to take it for granted that if the Rus sians should move upon Constantinople, the English fleet in the Mediterranean would interfere a once.

We may presume that Russia, elated by her suc cess in Hungary, is not unwilling to find a pretext for striking a blow at the South, in furtherance of her long cherished designs of aggrandizement in that quarter. Whenever, in her estimation, the time has come for that, we may be sure the pretext will not long be wanting.

The elements of liberalism in France, in Italy, Germany, throughout all Europe, indeed, would e powerfully stirred by a declaration of war from ussia on the ground stated in the Times. If the noble champions of Hungarian, freedom are to be persecuted to the death; if Despotism will insist
