Pure Fresh Cod Liver Oil.

THIS new and valuable Medicine, now used by the medical profession with such astonishing efficacy in the cure of Pulmonary Consumption, Scrofula, Chronic Rheumatism, Gout, General Debility, Complaints of the Kidneys, &c., &c., is prepared from the liver of the COD FISH for medicinal use, expressly for our sales.

Extract from the London Medical Journal.

"C. J. B. Williams, M. D., F. R. S., Professor of Medicine in University College, London, Consulting Physician to the Hospital for Consumption, &c., says: I have prescribed the Oil in above four hundred cases of tuberculous disease of the Lungs, in different stages, which have been under my care the last two years and a half. In the large number of cases, 206 out of 234, its use was followed by marked and unequivocal improvement, varying in degree in different cases, from a temporary retardation of the progress of the disease and a mitigation of distressing symptoms, up to a more or less complete restoration to apparent health.

"The effect of the Cod Liver Oil in most of these cases was very remarkable. Even in a few days the cough was mitigated, the expectoration diminished in quantity and opacity, the night sweats ceased, the pulse became slower, and of better volume, and the appetite, flesh and strength were gradually improved.

"In conclusion, I repeat that the pure fresh oil from the Liver of the Cod is more beneficial in the treatment of Pulmonary Consumption than any agent, medicinal, diatetic or regimenal, that has yet been employed."

As we have made arrangements to procure the Cod Liver Oil, fresh from head quarters, it can now be had chemically pure by the single bottle, or in boxes of one dozen each.

Its wonderful efficacy has induced numerous *spurious imitations*. As its success depends entirely upon its purity, too much care cannot be used in procuring it *genuine*.

Every bottle having on it our written signature, may be depended upon as genuine.

Pamphlets containing an analysis of the Oil, with notices of it from Medical Journals, will be sent to those who address us free of postage.

WOOD'S ORNAMENTAL IRON WORKS.

THE undersigned, having extended his business of manufacturing Ornamental Iron Work, and having added a large Foundry and commodious Ware room to his establishment, cordially invites the citizens of Lancaster and vicinity (when in this city) to visit his Ware room where will be found specimens of every variety of Iron Railings and Ornamental Iron Ware, comprising Centre and Pier Tables, and Brackets, Hat and Umbrella Stands, Settees, Chairs, Hitching Posts, Flower Stands, for parlor windows, gardens, &c., of the most approved patterns.

He has at a heavy expense published a Port Folio of designs for Ornamental Iron Work, which are furnished to any person at a distance, from which to select a pattern for the work desired.

This is the only establishment at which the castings are executed, which enables the subscriber to sell at moderate prices.

Extra Sunbeam Portraits.

H. LAUGHLIN, has opened his new Extra Sunbeam Daguerreotype Gallery, at 376 *Market Street*, south side, first door above Eleventh Street, (over Rowand & Walton's Drug Store,) Philadelphia, where he will be happy to see his old patrons, and all others who feel desirous of having a life-like portrait of themselves or relatives taken by his new Extra Sunbeam process; visit his gallery and see his beautiful and artistical specimens taken and put up in the latest improvement of the art—faithful likenesses, delineating every feature and expressions of nature in almost life itself. This new process may be well entitled art's best gift to man—a blessing to the human family.

The gallery is of easy access—being on the second floor, having to ascend only one easy flight of stairs, and located in one of the most business sections of Market Street, immediately adjacent to the Baltimore and Philadelphia Railroad Depot.

From his long experience and close observations in the artists of his profession, he flatters himself that he will be enabled to please every one who may visit him with their patronage.

Remember, it matters not as to the color of the dress or drapery, or whether the day be clear or cloudy, the Extra Sun-Beam process is always certain, and the pictures taken by it are warranted to be proof against water, air or dampness of any kind, and will stand for ages without fading in the least—a truthfulness rarely if ever to be found in the old process.

ROUSSEL'S

VINAIGRE AROMATIQUE, COSMETIQUE, ET ANTI-METHITIQUE DE BULY.

THE highly sanitory, balsamic, and tonic properties of this Vinegar render it far superior to Cologne Water for the ordinary purposes of the toilet and the bath, surpassing the latter in its perfume and cheapness, and in its greater efficacy for the promotion of cleanliness and health.

This article has been known and extensively used in Europe for very many years, where it has, to a considerable extent, superseded the use of Cologne Water. The subscriber feels assured that it need only to be made known in this country to ensure its equally general adoption. It has obtained the approval of several eminent physicians of this city, to whose notice it has been submitted.

It prevents and removes pimples, tetter, and asperity of the skin; it refreshes and whitens the skin, rendering it soft and smooth. It corrects the clammy and bitter taste of the mouth, imparting a fresh and pleasant breath. It cleanses and whitens the teeth, and hardens the gums. Friction with this Vinegar promotes perspiration and assuages rheumatic pains. It allays headache by application to the temples. It is effectual in removing inflammation of the eyelids, and in strengthening the eyes. Applied to a burn it prevents soreness. It possesses many other valuable qualities, which are apparent in the printed wrappers accompanying each bottle.

The subscriber having, during a recent visit to Paris, obtained the original recipe for this invaluable preparation, now offers it to the American public, with a perfect confidence that it will be found in every respect equal to the article prepared by the original inventor.

Removal---New Barber Stand.

CHARLES B. WILLIAMS respectfully inorms the citizens of Lancaster, and strangers who may tarry here until their beards grow, that he has opened a

SHAVING AND HAIR CUTTING SALOON,

in North Queen St., opposite Kauffman's Tavern, where he intends prosecuting the *Tonsorial Business*, in its varied branches. He will shave you as clean as a City Broker, and cut your hair to suit the cut of your head and the cut of your phiz.—Then the whole object and desire is, to improve the appearance of the human race. From long experience he flatters himself that he can go thro' all the ramifications of the Tonsorial Department with such an infinite degree of skill, as to meet the entire approbation of those who submit their Chins to the keen ordeal of his Razor.

DENTISTRY.

DR. J. WAYLAN would respectfully inform the citizens of Lancaster, and others, that he has moved his Office, and now occupies Rooms opposite Scholfield's Hotel, North Queen Street,—and as numbers in this city and elsewhere, can testify to his skill and faithfulness in the various operations of Dental Surgery, it is only necessary here to say, that he will spare no efforts to render entire satisfaction as heretofore.

For the information of those who are yet strangers to his manner of operating, he would take this occasion to remark, that the Baltimore College of Dental Surgery awarded to him the FIRST PREMIUM, *a Mounted Rosewood Box of Dental Instruments*, as a testimonial of his superior skill in the various operations pertaining to the profession of Dentistry.

EAGLE WORKS.

Iron Foundry and Machine Shop,

Situated in Chesnut Street, a few doors West of the Museum Building, Lancaster, Pa.

THE undersigned have purchased the above property, formerly known as the Lancaster City Works, and conducted by James Whitehill, with all the stock of Tools, Patterns and Machinery belonging thereto, and have added to it all the Tools, Machinery and Patterns belonging to the late firm of Peunell & Lenher, which makes their facilities for carrying on business fully equal to those of any other establishment in the State. They are now prepared to execute to order all manner of Castings, either in Iron or Brass.

IRON FOUNDRY.

Railroad Car Wheels and Castings; Rolling Mill, Grist and Saw Mill Gearing; Hot-blast Pipe for Anthracite and Charcoal Furnaces; Hot-blast Pipe and Stampere for working Cinder; Water Pipe, from 2 to 36 inches; Apple Nuts; Screws for Cider and Wine Presses; Hydrant Stocks and Spouts; Columns, Scrolls and Wreaths for dwellings and other buildings; Columns for Sun Cloth Frames; Fancy and Plain Cellar Gates, a large variety of patterns; *Cast Iron Railing*, both of the Gothic and Grecian styles, and embracing a great variety of chaste and beautiful designs.

Wortz's Submerged Patent Water Wheels.

We have purchased the patent right for the above valuable improvement for this county, and also shop rights for the counties of Dauphin, Lebanon, Berks and Chester. We have a number of certificates in our possession, but we do not deem it necessary to submit them to the public, the originals of which may be seen by calling at the works. We beg leave, however, to call public attention to the following letter, addressed to a citizen of this county by the superintendent of an extensive manufacturing establishment in Franklin county:

CHAMBERSBURG, April 28, 1849.

MR. HENRY E. LEMAN:—Your favor of the 25th inst., is at hand, and in reply say that the Grindstones we run with Wortz's wheel are from 5 to 6 feet high, 9 to 12 inches thick, weighing from 3 to 5000 lbs. We formerly used an undershot wheel 12 feet wide and 14 feet high. Our head in an ordinary stage of the water is about 3 feet, 3 or 4 inches. Sometimes much less than that. With the old wheel we run two grindstones. In the same place we have now four of Wortz's wheels (3 36 and 1 40 inches,) running four grindstones and one trip hammer weighing about 80 lbs. with less water and doing more work in the same time. In regard to the quality of the wheel for the purpose of grinding, it is far superior to any I have ever used or seen used, and for a low head I believe it is the best wheel in use—during the whole winter (which has been unusually cold) we have not been affected at all with the ice, and in high water at a stage which would stop the old wheel entirely, we now find no inconvenience from back water. Any further information on the subject I will be happy to communicate, or if you could make it convenient to visit Chambersburg I will take great pleasure in showing you the wheels. Respectfully, yours,

THOS. CARLILE.
