[From the Boston Chronotype, Oct. 1, 1847.] Consumption is the great curse of our northern latitudes. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its screnity, and the eye of its brillancy. It wastes the form, dims the intellect, and plunges its victim into an early grave.

The young and the old, the serious and the gay, the city belle, the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Dweller of the Threshold!" He merits the applause and gratitude of areas who nerits the applause and gratitude of ages;—he shall have ours, at least.

One of the most important discoveries of modern science, for the cure of pulmonary affections, is the BALSAM of WILD CHERRY, and the credit of it discovery is due to the celebrated Dr. Wistar. This valuable compound has restored thousands of sufferers to health. It is expectorant, tonic and de-
