Pure Fresh Cod Liver Oil. THIS new and valuable Medicine, now used by the medical profession with such astonishing efficacy in the cure of Pulmonary Consumption Scrofula, Chronic Rheumatism, Gout, General De bility, Complaints of the Kidneys, &c., &c., is prepared from the liver of the Cop Fish for medicing

use, expressly for our sales.

Extract from the London Medical Journal Extract from the London Medical Journal.

"C.J. B. Williams, M. D., F. R. S., Professor of Medicine in University College, London, Consulting Physician to the Hospital for Consumption, &c., says: I have prescribed the Oil in above four hundred cases of tuberculous disease of the Lungs, in different stages, which have been under my care the last two years and a half. In the large number of cases, 206 out of 234, its use was followed by marked and narganyeest improvement varying in marked and unequivocal improvement, varying in degree in different cases, from a temporary retarda ion of the progress of the disease and a mitigation of distressing symptoms, up to a more or less complete restoration to apparent health.

"The effect of the Cod Liver Oil in most of these cases was very remarkable. Even in a few days the cough was mitigated, the expectoration diminished in constituted.

ished in quantity and opacity, the night sweats ceased, the pulse became slower, and of better volume, and the appetite, flesh and strength were yolume, and the appetite, firsh and strength were gradually improved.

"In conclusion, I repeat that the pure fresh oil from the Liver of the Cod is more beneficial in the treatment of Pulmonary Consumption than any gent, medicinal, diatotic or regimenal, that has

et been employed." As we have made arrangements to procure the Cod Liver Oil, fresh from head quarters, it can now be had chemically pure by the single bottle, or in boxes one dozen each.

Its wonderful efficacy has induced numerous

spurious imitations. As its success depends en-tirely upon its purity, too much care cannot be used in procuring it genuine.

Every bottle having on it our written signature, may be depended upon as gennine.

Pamphlets containing an analysis of the Oil, with notices of it from Medical Journals, will be sent to these with address. those who address us free of postage.

THE ORIGINAL DISCOVERER OF THE Genuine Townsend Sarsaparilla. LD DR. TOWNSEND is now about 70 years of age; and has long been known as the author and discoverer of the Genuine Original Townsend Sarsaparilla. Being poor, he was compelled to limit its manufacture, by which means it his been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, never theless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its evellence and worderful HEALING DOWED. thetess, as those persons who had been headed of sore diseases, and saved from death, proclaimed its excellence and wonderful HEALING POWER. Knowing, many years ago, that he had, by his skill, science and experience, devised an article which would be of incalculable advantage to fitankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time to the contraction of the contraction o would be known and appreciated. This time has come, the means are supplied; this Grand and Unequalled Preparation is manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found

incapable of degeneration or deterioration. Unlike young S. P. Townsend's, it improves with ago, and never changes, but for the better; because it is prepared on scientific principles by a scientific man. The highest knowledge of Chemistry; and the latest discoveries of the art, have all been brought into requisition in the manufacture of the old Dr's Sarsaparilla. The Sarsaparilla Root, is well known to medical men contains many medical properties and some properties which are inert or useless, and others which it retained in preparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla are so volatile, that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific progress, known only to those experienced in its manufacture. Moreover, these volatile principles, which fly off in vapor, or as an exhalation, under heat, are the very essential medical properties of the root, which give to it all its value.

Any person can boil or stew the root till they get a dark colored liquid, which is more from the coloring matter in the root than from anything else; they can then strain this insipid or vapid liquid, sweeten with sour molasses, and then call it "Sarsaparilla Extract or Syrup." But such is not the

article known as the

SARSAPARILLA.

This is so prepared, that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted 5 rejected; then every particle or medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losting any of its valuable and healing properties. CURE OF INNUMERABLE LIBERAGES.
Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing wonders in the cure of Consumption, Dyspepsia, and Liver Complaint, and in Rheumatism, Scrofula, Piles, Costiveness, all Cutaneous Eruptions, Pimples, Blotches, and all effections arising from

It possesses a marvelous efficacy in all complaints arising from Indigestion, from Acidity of the Stomarising from Indigrestion, from Acidity of the Stomach, from unequal circulation, determination of blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. Is not this then the medicing you programment, read's cine you pre-eminently need? But can any of these things be said of S. P. Town. send's inferior article? This young man's liquid
