NO other Medicine has ever been introduced to the public that has met with such unparalelled success, as Dr. Soule's Oriental Balb Pills.—Having been but six years before the public, and the advertising small when compared with most other medicines, yet they have worked their way into every state in the Union and Canadas. They have absolutely become the standard Medicine of the day. They are purely vegetable and so admirably compounded that when taken in large doses they speedily cure acute diseases, and when taken in small doses they operate like a charm, upon the most delicate, nervous female, and have raised numbers from their beds when all other remoders had tailed. We here refer to but a few of the many miraculous cures effected by the use of said Pills.

Spinal Affection.—Anna Wood, of Rutland, Jefferson county, N. Y., was cured, after she had been confined to bed 5 years, with Spinal disease, and Abscess of the Lungs. The bill of her regular Physician (Dr. Johnson, of Clay) had amounted to \$600. See circular.

Let the people fully understand that no RE-VAM FING. no new BOTCHING, no PRE-FIXING of chemists' names or any other folly will redeem S. P. Townsend's souring compound from public odium, unless it is made entirely different from its present character; and if they do this, it will become another article of Sarsaparilla, and they might as well give it another name first as last. It should be called the "Strangers' Sarsaparilla," and not S. P. Townsend's. But if there is no alteration, the people may still expect the same old souring, fermenting rootheer stuff, as formerly made by Ruel Clapp, the carpenter.

DR. KEELER'S CELEBRATED FAMILY MEDICINES.

CELEBRATED FAMILY MEDICINES.

R. KEELER is a regular graduate from one of the best medical schools of the country, and a practising physician in the city of Philadelphia.—

We take great pleasure in presenting these remedies to the afflicted. They are all of undoubted medicinal powers and hold out to the invalid a promise of relief, such as none others possess.—

They each have been thoroughly tried in a long successful private practice, and have established for themselves a reputation but few possess, and given better satisfaction to the afflicted than any of the boasted remedies of the day. In offering them to the public, the proprietor is influenced by no sinister motives of gain, but feels conscious that they are eminently deserving of public confidence. No medicines ever before the public have acquired such deserved reputation upon their merits alone, or appeal with such irresistible force to the invalid.
