Notice of the world's Salve.

Contains no Mercury or other Mineral.

From the "Reading Eagle."

THERE was never, perhaps, a medicine brought before the public, that has ins os short a time, won such a reputation as M'ALLISTER'S ALL HEALING OR WORLD'S SALVE. Almost every person that has made trial of it, speaks warmly in its praise. One has been cured by it, of the most painful Rheumatism; another of the piles, a third of a troublesome pain in the side, a fourth of a swelling in the limbs, &c. If it does not give immediate relief in every case, it can never do injury, being applied outwardly. As another evidence of the wonderful healing power possessed by this salve, we subjoin the following certificate, from a respectable citizen of Maidencreek township, in this county.

MAIDENCREER, Berks Co., March 30, 1848.

I have also used the Salve since, for other complaints, with similar happy results. JOHN HOLLENBACH.

A GREAT MEDICINE.

We have uniformly retrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invented by Doctor Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last cases was very remarkable. Even in a few days the cough was mitigated, the expectoration diminished in quantity and opacity, the night sweats ceased, the pulse became slower, and of better volume, and the appetite, flesh and strength were gradually improved.

He purchased a boule of the Bitters, and after using it, was so much relieved of his distressing in malady, that he procured another bottle, and is restored entirely to health.

PATENT MEDICINES. "In conclusion, I repeat that the pure fresh oil from the Liver of the Cod is more beneficial in the treatment of Pulmonary Consumption than any gent, medicinal, diatetic or regimenal, that has yet been employed."

As we have made arrangements to procure the Cod Liver Oil, fresh from head quarters, it can now be had charically pure by the single bottle, or in boxes of one diven each.

Its wonderful efficacy has induced numerous spurious initiations. As its success depends entirely upon its purity, too much care cannot be used in procuring irgenuine.

Every bottle having on it our written signature, may be depended upon as gennine.

The Philadelphia Saturday Gazette, the best family newspaper published in the United States. The editor says of DR. HOOFLAND'S GERMAN BITTERS: It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speak

They are all of undoubted medicinal powers and hold out to the invalid a promise of relief, such as none others possess.—They each have been thoroughly tried in a long succeesful private practice, and have established for themselves a reputation but few possess, and given better satisfaction to the afflicted than any of the boasted remedies of the day. In offering them to the public, the proprietor is influenced by no sinister motives of gain, but feels conscious that they are eminently deserving of public confidence. No medicines ever before the public have acquired such deserved reputation upon their merits alone, or appeal with such irresistible force to the invalid.
