We have uniformly retrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invented by Doctor Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, superior virtues of this meancine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abm. DR. KEELER'S CELEBRATED FAMILY MEDICINES.

CELEBRATED FAMILY MEDICINES.

Dr. KEELER is a regular graduate from one of the best medical schools of the country, and a practising physician in the city of Philadelphia.—We take great pleasure in presenting these remedies to the afflicted. They are all of undoubted medicinal powers and hold out to the invalid a promise of relief, such as none others possess.—They each have been thoroughly tried in a long successful private practice, and have established for themselves a reputation but few possess, and given better satisfaction to the afflicted than any of the boasted remedies of the day. In offering them to the public, the proprietor is influenced by no sinister motives of gain, but feels conscious that they are eminently deserving of public confidence. No medicines ever before the public have acquired such deserved reputation upon their merits alone, or appeal with such irresistible force to the invalid.

usend abandoned the Field!—Old Dr. Jacob Townsend, undicated by the people!

P. Townsend has at last given up the manufacture of any more Sarsaparilla, having disposed of his business to some strangers. Thus the
claim to originality and other pretensions, fall to the ground. He voluntarily abandons them in this he ground. He voluntarily abandons them in thus evading the issue before the public, by disposing of his trade and going into retirement. The fact that he was NO PHYSICIAN, NO CHEMIST, the occupation of a great portion of whose life was spent as a WORKER on RAILROADS, CANALS, CHOP-WOOD, SAW-LOGS, DOCK-STICKS, &c., &c. The fact also that his article became notorious for its SOURING, FERMENTING and BURSTfor its SOURING, FERMENTING and BURST-ING BOTTLES, thereby DECEIVING and INJURING the sick, and destroying goods demonstrates beyond all reasoning or gainsaying, the fallacy of his pretensions, and the baseless fabric of his claims. Hereafter, it is to be sent out to the people by some STRANGERS, yet bearing the name of S. P. Townsend. We have been informed that these Strangers intend to print on the labels, the name of some chemist, in order to redeem if possible its bad character of souring, fermenting and bursting bottles.

sible its bad character of souring, fermenting and bursting bottles.

Let the people fully understand that no RE-VAM-PING, no new BOTCHING, no PRE-FIXING of chemists' names or any other folly will redeem S. P. Townsend's souring compound from public odium, unless it is made entirely different from its present character; and if they do this, it will become another article of Sarsaparilla, and they might as well give it another name first as last. It should be called the "Strangers' Sarsaparilla," and not S. P. Townsend's. But if there is no alteration, the people may still expect the same old souring, fermenting rootbeer stuff, as formerly made by Ruel Clapp, the carpenter.
