Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed. These Bitters are worthy the attention of inva-lids. Possessing great virtues in the rectification of diseases of the Liver and lesser glauds, exerci-sing the most searching nowers in weathers and

Va, January 10, 1850, said— We have uniformly crtrained from recommend-ing to the public any of the various Patent Medi-cines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invented by Doctor Hoofland, and prepared by Dr. Jackson, in Phila-delphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a scn of Mr. Abm. Crabill, of this coun-ty, was very seriously afficted with Liver Com-plaint, and after trying in various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is re-stored entirely to health. PATENT MEDICINES. It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these med-icines, the land is becoming flooded with quack preparations, that are made alone for profit and are fur not even for the dore. If a person gets an indifferent med-icine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, [who ignorantly combine plain medicines together for the purpose of making money,] for the ill suc-cess, which attends the efforts of the deserving. We believe Dr. C. M. Jackson's Hoofland's German Bitters to be a most excellent medicine We believe Dr. C. M.
