There never was so great a field open for the profession o law as California presents, and must continue to present; especially is this the fact in the city of San Francisco, where there is so great an amount of Commercial business done. The litigation that certainly must arise out of titles to real estate will be immense. The fees are large for ordinary business and they are increased with the importance of the case. For deeds, mortgages, and other such in struments of writing, the fee is from twenty five to fifty dollars. An opinion generally costs the clier about one half of his claim, if his claim be on hundred dollars or upwards. Another thing abou the practice here is, the pay is in hand."

All Mankind Desire to be Free! TREE TRADE AND TAILORS' RIGHTS!-A sew short years ago, the person who wished to make a genteel appearance, was restra ned from the want of means, arising from the fact that the customer tailor charged four prices for his clothing. It was at this time the Cheap Cash Clothing Store started in order to accommodate the public with a good clothing as the customer tailor made, at almost one-halt the price. This effort was appreciated by the public, and the great encouragement received induced the proprietor to be first in the field to adopt the principle of "large sales and small profits," and to extend his business beyond a parallel in the history of trade. The plan adopted was to give as good Clothing as could be made in any establishment at one-half the usual price. Success crowned this effort also. Then, with extended means, he undertook a further reduction, by buying his materials from first hands, and was satisfied with a very small profit. The public fully appreciated this effort, and came in crowds to purchase with a very small profit. The public fully appreciated this effort, and came in crowds to purchase clothing of a superior order, brought within the reach of all by such very reasonable prices. With these facilities, it soon became evident that the cheap cash clothing room became too small to accommodate his greatly increased number of customers. In fact, the whole public opened their eyes with astonishment to see the rise and progress of this effort for their accommodation, and in the taking of the spacing building which has opened but

this effort for their accommodation, and in the taking of the spacious building, which has opened out a mighty Hall, in their behalf, where the principle first adopted by this house of "quick sales and small profits," is carried out to its utmost extent. This building is sufficiently capacious to accommodate all who may call, and a stock sufficiently large to satisfy every demand, whether it be a single garment or a wagon load. And such are now the facilities of this extensive Hall as to enable him to defy all competition either from this or any others city, fully satisfied that it is an utter impossibility to furnish cheaper or better clothing in the whole world than is now furnished at the Great Lancaster Hall of Fashion and Clothing Bayaar of JOSEPH GORMLEY, situated in North Queen street, three doors south of Orange, Lancaster. taned upon me. I became cmadiated, could not sleep, was distressed by my cough, and a pain through my chest, and in short had all the slarming symptoms of quick acasumption. Dr. Ayer, Lowell—Dear Sir:—I have for years been afflicted with Asthma in the worst form; so that I have been obliged to sleep in my chair for a larger part of the time, being unable to breathe on my bed. I had tried a great many medicines, to no purpose, until my Physician prescribed, as an experiment, your Cherry Pectoral. ient, your Cherry Pectoral. At first it seemed to make me worse, but in less than a week I began to experience the most grainfying relief from its use; and now, in four weeks, the disease is entirely removed. I can sleep on may bed with comfort, and enjoy a state of health which I never expected to enjoy.
