Charles Robinson, Eag., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

A GREAT MEDICINE.

We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of cines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invented by Doctor Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this meucine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abm. Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much reheved of his distressing using it, was so much relieved of his distressing malady, that he procured another bottle, and is re-stored entirely to health. READ FURTHER A FEW FACTS.
From the Weldon Herald, published at Weldon,
N. C., January 24, 1850, which said—
PATENT MEDICINES.

It is very seldom that we make any allusion Parent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these modicines, the land is becoming flooded with quack preparations, that are made alone for profit and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person set an indifferent read. it is nard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very upt to condemn the whole of them and buy no more, and inventors must only blame those of their number, [who ignorantly combine plain medicines together for the purpose of making money,] for the ill success which attends the efforts of the deserving.

We believe Dr. C. M. Jackson's Hoolland's German Bitters to be a need a resellent position. We believe Dr. C. M. Jackson's Hoofland's German Bitters to be a most excellent medicine, and one that should be highly popular in these days of Temperance; for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy.

Dr. Hoofland's German Bitters .- Here is a Dr. Hoofand's German Bitters.—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jona, private physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. CELEBRATED FAMILY MEDICINES.

R. KEELER is a regular graduate from one of the best medical schools of the country, and a practising physician in the city of Philadelphia.—

We take great pleasure in presenting these remedies to the afflicted. They are all of undoubted medicinal powers and hold out to the invalid a promise of relief, such as none others possess.—

They each have been thoroughly tried in a long successful private practice, and have established for themselves a reputation but few possess, and given better satisfaction to the afflicted than any of the boasted remedies of the day. In offering them to the public, the proprietor is influenced by no sinister motives of gain, but feels conscious that they are eminently deserving of public confidence. No medicines ever before the public have acquired such deserved reputation upon their merits alone, or appeal with such irresistible force to the invalid.
