NO other Medicine has ever been introduced to the public that has met with such unparalelled success, as Dr. Soule's ORIENTAL BALM PILLS.— Having been but six years before the public, and the advertising small when compared with most other medicines, yet they have worked their way into every State in the Union and Canadas. They have absolutely become the standard Medicine of the day. They are purely vegetable and so admirably compounded that when taken in large doses they speedily cure acute diseases, and when taken in small doses they operate like a charm, upon the most delicate, nervous female, and have raised numbers from their beds when all other remedies had tailed. We here refer to but a few of the many miraculous cures effected by the use of said Pills. Spinal Affection.—Anna Wood, of Rutland, Jefferson county, N. These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

A GREAT MEDICINE.

We have uniformly retrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invented by Doctor Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abm. Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health.

From the Weldon Herald, published at Weldon, N. C., January 24, 1850, which said—
PATENT MEDICINES.
It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise.
Unfortunately for the country, and for honest and conscients in wearened. conscientious inventors and venders of these med icines, the land is becoming flooded with quack preparations, that are made alone for profit and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person cets an indifferent medicine the first time heaves be in the constant and the constant and the constant and the constant and the constant are not worth having. come the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, [who ignorantly combine plain medicines together for the purpose of making money,] for the ill success which attends the efforts of the deserving.

We believe Dr. C. M. Jackson's Hoofland's German Bitters to he a most excellent medicine. German Bitters to be a most excellent medicine and one that should be highly popular in these days of Temperance; for they are altogether Veg etable in their comp sition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy.

This cure is a triumph over the skill of the best physicians in the city of Philadelphia, and is postrive proof that internal ulcers can be cured as easily as external, when Brant's Pourlyving Extract is used. Mr. John Hepburr, one of the most respectable gentlemen in Auburn, Cayug, Ca., N. He said that he had spent one year in Philadelphia, under the professional advice of the best physicians, and was obliged to return to Auburn, without cure or help, when Dr. T. M.
