THE Essence is a preparation of unusual excellence and of varied properties. In all cases where a powerful and safe stimulant is required, it is unrivalled for efficacy as well as immediate action. To the traveller and to the family circle it is invaluable, as a tew drops diluted in sugar and water present a safe and agreeable remedy to the invalid who requires immediate relief, as well as to the convalescing patient who needs a gentle tonic. In a Southern climate, where the relaxation of the system so generally induces thirst for stimulants, it will always be found an excellent substitute for those tempting beverages which debilitate the stomach and cause a morbid condition of its powers. In dyspepsia, in relaxation of the bweels, in nusea and sea-sickness, it is an active and safe as well as a pleasant and refreshing remedy, and is prescribed by the most eminent of the medical faculty.

Messrs. Ritter & Co.—I desire to inform you that I was entirely cured of a severe pain in the back, by the use of M'Allister's All-Healing Salve, which I purchased from you. I suffered with it about twenty years, and at night was unable to sleep. During that time I tried various remedies, which were prescribed for me by physicians, and other persons, without receiving any relief, and at last made trial of this Salve, with a result favorable beyond expectation. I am now, entirely free from the pain, and enjoy at night a sweet and peaceful sleep. I have also used the Salve since, for other complaints, with similar happy results. READ AND BE CONVINCED.

A GREAT MEDICINE.

We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invented by Doctor Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abm. Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing plaints, with similar happy results.
Your friend,

If Mothers and Nurses knew its value in cases of "swollen or sore breast," they would always apply it. In such cases, if used, according to the directions, it gives relief in a very few hours.

N. C., January 24, 1850, which said—
PATENT MEDICINES.

It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit and are in tot even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, [who ignorantly combine plain medicines together for the purpose of making money,] for the ill success which attends the efforts of the deserving.

We believe Dr. C. M. Jackson's Hoofland's German Bitters to be a most excellent medicine, and one that should be highly popular in these days of Temperance; for they are altogether Vegetable in their composition, without one drop of Alchohile Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy.

Judge M. M. Noah said, in his Weekly Messenger, January 6, 1850.

Dr. Hoofland's German Bitters.—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the somach, Constipation, and all complaints arising from & disordered condition of the stomach, the liver and the intestines. Nine Philadelphin papers express their conviction of its excellence, and the intestines. The store of the stomach practice spent in this city have rendered Dr. K. the most expert and successful practitioner far and near, in the treatment of all diseases of a private nature. Persons afflicted with ulcers upon the body, throat, or legs, pains in the head or bones, mercurial rheumatism, strictures, gravel, disease arising from youthful excesses or impurities of the blood, whereby the constitution has become enfeebled, and severat of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling

the attention of our readers to the present propri-tor's [Dr. C. M. Jackson's] preparation, but recommending the article to the afflicted. MORE EVIDENCE. The Philadelphia Saturday Gazette, the best family newspaper published in the United States. The editor says of DR. HOOFLAND'S GERMAN BITTERS: It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recom-mend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speak-ing of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a med-icine long estab shed, universally prized, and which has met the approbation of the faculty itself.

He said that he had spept one year in Philadelphia, under the professional advice of the best physicians, and was obliged to return to Auburn, without cure or help, when Dr. T. M. I was myself, for more than a year, afflicted with a disease of the Stomach. I could not cut any fat or greasy substance without causing great pain, sickness, and vomiting, and was continually afflicted with a Sour Stomach.
