DAY OF AUGUST, 1850, with a party of passengers.

This is by far the largest Balloon ever made in America. It contains in its structure 1576 yards of Silk, and is capable of carrying 8 persons.

This monster Balloon has been constructed by J. WISE to test the practicability of Ocean Voyages. On this occasion it will be used for some hours previous to its final ascent, in letting up passengers two hundred, five hundred, or a thousand feet, by a rope and windlass, where they can see the world in one grand and sublime view from an isolated spot. Every arrangement will be made to, promote the comfort and safety of visitors and passengers or the occasion.

In the evening the Balloon will be started free the air for a long voyage with a party of passengers.

There is room left for two more passengers.

Fare \$150—for seats apply to J. Wise. To ascend by the rope and windless charge w oe regulated according to height, so that it will be within the means of all who desire to spend a sho time and breathe the pure air in the Ærial Region
This will doubtless be the most magnificent spe
tacle of the kind ever witnessed in America.
The Hercules will be inflated and ready for topic
ascensions at 9 o'clock A M dercules will be inflated and reach ions at 9 o'clock A. M. of said day.
