MAURICEAU-My Dear Sir: 'The Married Woman's Private Medical Companion,' for which I enclosed one doltar to your address, came safely to hand. I would not have troubled you with these few lines, but that I am impelled by a sense of gratitude, for myself and wife, to give utterance to graticude, for myself and wife, to give utterance to our sincere and heartfelt embions. three years or more, in consequence of her great an-guish and suffering some months before and during confinement; every successive one more and more debilitated and prostrated her, putting her life in im-minent danger, and which was, on the last occasion, despaired of. I supposed that this state of things was inevitable, and resigned myself to meet the worst. At this time (now about two months) I heard your book highly spoken of, as containing some matters reaching my case. On its receipt and perusal, I can not express to you the relief it afforded my distressed mind and the joy its pages imparted to my wife, on learning that the great discovery of M. M. Deso-meanx provided a remedy. It opened a prospect to me which I little conceived was possible. No pecu-niary consideration can ever repay the obligations I am under to you for having been the means of im-parting to as the matters contained in 'The Married Woman's Private Medical Companion.' But for this, cre another year would have passed over my head, in all human probability my wife would have been in her grave, and my children left motherless.' *Latract from a Letter.* Competence and Health.

"My DEAR SIR: I know you will have the kind ness to bear with me in encoaching upon your time, while I acknowledge (in behalf of myself and wife) the obligations we feel ourselves under to you in bav-ing made known certain matters, contained in your most invaluable 'Married Woman's Private Medical Companion.' It has been worth its weight in gold to me. If I express myself rather warmly, you will see that I can not do so too warmly, whien I inform you of the extent to which I have, through it, been benefited. I will state my situation when I obtained your book through the mercest curiosity I look upon it as one of the most fortunate events of my life. I had been married some ten years, and was the father of seven children. I was long struggling unceasingly, to the end that I might gain a moderate competency, but the results of my utmost exertions at the end left me about where I was at the beginning of each year; and that only, with the most situed economy, suffi-cing with barely the necessaries of life. Finally, this constant effort was beginning to have its effect upon my health: I felt less capable to endure its continu-ance, while I felt the necessity of perseverance. Letters are daily received of this character, unne-cessary to present. To those yet unmarried, but contemplating mar-riage, or perhaps hesitating as to the propriety of incurring the responsibilities attendant upon it, the importance of being possessed of the revelations con-tained in these pages, so intimately involving their future happiness, can not be appreciated. It is, of course, impracticable to convey more fully the various subjects treated of, as they are of a na-ture strictly intended for the married, or those con-templating marriage; neither is it necessary, sluce it is every one's duty to become possessed of knowl-edge whereby the sufferings to which a wife, a moth-er, or a sister, may be subject, can be obviated.
