ultimately cure them. We present to the public unsolicited testimonials from some of the first men in our country, upon whose judgment and experience implicit confidence may be placed. Dr. Perkins, President Vermont Medical College, one of the most learned and intelligent physicians in the country, considers it a "composition of rare excellence for the cure of that formidable disease, consumption." consumption."

Consumption." Norwich, April 26, 1846. Dr. J. C. Ayer-Dear Sir:--Agreeable to the request of your agent, we will cheerfully state what we have known of the effects of your CHERRY PECTORAL and they have been astonishing indeed. Mrs. Betsey Streeter had been afflicted with a se-vere and relentless cough, which reduced her very low; so low that little hope could be entertained of her recovery. Numerous remedies had been tried without effect, before the Ch rry Pectoral. And that last cured her. George Watkinson, Esq., had to our knowledged been afflicted with Asthma, for eleven years and grown yearly worse, until the Chereleven years and grown yearly worse, until the Cher-y Pectoral has now removed the disease and he is INCUT CLOTHS, CASSIMERES, AND RICH SATIN AND SILK VESTINGS, ever offered in Lancaster. This spock having been selected by a competent judge of FASHIONABLE GOODS, as well as a first-rate judge of their quali-ty, he flatters himself able to meet the wants of his customers in the most setificatory manuer and as tes as usual in his place. These are three of the cases in which we have

known it successful but never to fail. We have great pleasure in certifying to the facts; and are respected sir, your humble servants,

REV. DAVID THORNING,

HON. JOSEPH BATTES. Among the distinguished authorities who have given their names to recommend Cherry Pectoral as the best remedy that is known for the Affections of the Lungs are 'The London Lance;' 'Ganadian Journal of Medical Science,' 'Boston Medical and Journal of Medical Science, 'Boston Medical and Surgical Journal,' & Charleston (S. The public have but to know the virtues and as-tonishing success of the 'CHERRY PECTORAL,' in curing diseases of the Lungs, when they will feel secure from these dangers, whenever this rem-edy can be obtained.
