Having used, and winessed the effects of your excellent preparation of Sarsaparilla on different persons in various parts of the Southern country, viz:

Your Sarsaparilla is highly approved and extensively used by the United States army in Mexico, and my cousin Gen. Zachary Taylor, has for the past five years been in the habit of using it, and recommends the same; he and myself adopted the article at the same time, and it is now considered an almost indispensible requisite in the Army. In conclusion I would say, that the better it is known the more highly it will be prized, and I trust that its health restoring virtues will make it generally known, throughout the length and breadth of our widely extended country.

Messre. Sands:—Having suffered many years with a disease of my throat, affecting the larynx, during which time I was treated by the most distinguished physicians in Europe and the United States, without receiving any permanent benefit, but all the time my general health and strength declining, and the disease making fearful progress: caustic applications were used, and whatever else was thought most efficient for producing a cure; but I am confident the deplorable situation I was in, the laryngitis being accompanied with phthisis and great difficulty in breathing, would have terminated my life, had I not obtained relief through the medium of your invaluable Sarsaparilla. I must nated my life, had I not obtained relief through the medium of your invaluable Sarsaparilla. I must say, gentlemen, when I commenced using the Sarsaparilla I did not place much confidence in its virtues; and this will not surprise you, when you are informed I had tired more than fitty different remedies during the past four years, without any success; but after taking your Sarsaparilla a few weeks, I was obliged at last to yield to evidence. This marvellous specific has not only relieved, but cured me; and I therefore think it my duty, gentlemen, for the benefit of suffering humanity, to give you this attestation of my cure.

I would not have troubled you with these few lines, but that I am impelled by a sense of gratitude, for myself and wife, to give utterance to our sincere and heartfelt emotions.

"My wife has been perceptibly sinking for some three years or more, in consequence of her great anguish and suffering some months before and during confinement; every successive one more and more debilitated and prostrated her, putting her life in imminent danger, and which was, on the last occasion, despaired of. I supposed that this state of things was inevitable, and resigned myself to meet the worst. At this time (now about two months) I heard your book highly spoken of, as containing some matters reaching my case. On its receipt and perusal, I can not express to you the relief it afforded my distressed upind and the joy its pages imparted to my wife, on learning that the great discovery of M. M.
