acom of the material word is constantly indergoing a change—man continually—"the is every thing by time and nothing long." The phenomena of disease presents us with numerous lights and shades, alternating with the numerous agencies by which we are afflicted. Presuming that life is a unity whatever material agent possesses the power of ar-resting the motions of the body is capable of de-ranging their action. What is disease in its sim-plest form but an interruption of the electrical mo-tions of the body by agents not compatible with them. These motions may to a certain extent be-sither increased or decreased without positively them. These motions may to a certain extent be either increased or decreased without positively injuring the vital actions of the whole—like the wheels of a time piece, stop one and you influence all—so with disease in all chronic maladies whether affecting one or more organs of the body, we invariably discover them to be effects rather than cures of ill-health. Change the electrical motions which occasion them, and health consequently follows: for this outpers at firmings no remedy waren occasion them, and neath consequently fol-lows; for this purpose art furnishes no remedy equal to Dr. Keeler's Sarsaparilla. Its virtue has been tested in all chronic, glandular and constitu-tional diseases. Afflicted: "be wise in time, 'tis folly to defer-"

Philadelphia, Nov. 22, 1848.

Dr. Keeler—Dear Sir: I take great pleasure in bearing testimony in behalf of your valuable medicine, Sarsaparilla. I have been using it for a pain in the side of long standing, which was occasioned by a severe attack of Pleurisy and fever several years since in the West: For several months past my health has been failing, and the pain in the side so severe at times as to disable me from attending to my business. I have used many remedies with o my business. I have used many remedies with sarsaparilla, since which time my health has grad-ially improved, so much so that at the present time enjoy much better health than for years past. I lave used the medicine in my family, and consider t infinitely superior to any remedy within my know-edge in chronic affections of the chest and organs tion. I am yours very respectfully

Dr. Keeler—Dear Sir: I feel it my duty to state to you the good effects your Sarsaparilla has pro-duced on a son of mine, who has been for several duced on a son of mine, who has been for several years afflicted with what physicians have termed Scrofula. He has been somewhat hard of hearing for several years, accompanied with a constant discharge from the ears, and a dull heavy pain across the forehead; his general health quite feeble, appetite precarious, and bowels irregular. There were swellings of the neck and at the angle of the were swellings or the neck and at the angle of the jaws, the complexion of an ashy paleness, and all the characteristics of wasting health. At your request, I commenced giving him your Sarsaparilla, and I am rejoiced to state that after using three bottles, there has been a remarkable change for the tles, there has been a remarkable change for the better. His appetite is now good, the pain across the forehead entirely gone, the swellings have disappeared, the color of the skin is now like one enjoying good health, indeed he now says he feels well, appetite good, sleeps well, and is really changed, which I attribute solely to your medicine. I feel fully satisfied from what I have witnessed in my own child, that it is a medicine of unsurpassed power in disease of a Scrofula character.
