Arrival of the America.

LATE FROM EUROPE.

HALIFAX, Dec. 11.

The Royal mail steamer America arrived here this morning, bringing 46 passengers for Boston and 6 for Halifax, and dates from Liverpool to the 30th and London to the 29th November.

ENGLAND.—The agitation in England has increased to a much greater extent in regard to the anti-popery question. It has also much increased in Scotland. The Daily News asserts that the Attorney General is preparing a bill to make penal the holding of English titles by the Catholic Clergy. Lord Beaumont, a catholic nobleman, has taken the field in opposition to the measures of the Pope, and maintains that his appointments of English Bishoprics are derogatory to the crown and at variance with the constitution. Immense meetings are being held everywhere, which denounce the Papal policy as aggressive, and in some cases these meetings have ended in riots, especially at Berkinhead, where the meeting on Wednesday was attended with greater disturbance and rioting than had been experienced since the days of the Reform bill. Magistrates and the police were compelled to fly before the mob. The Holy Cross was finally exhibited, which had the effect of restoring quiet.

A frightful colliery explosion occurred at Halifax, England. The loss of life is unknown, but supposed to very great.

GERMANY.—The latest news from Germany is in no respect more pacific, nor are affairs less critical and complicated than for two weeks prior to the sailing of the America.

By telegraph from Paris we learn that the Prussian Government has negotiated a loan of ten million pounds sterling with the House of Rothschilds in London.

The upper house assembly, it is reported, is inclined to peace whilst the lower house is also moderately disposed.

The disturbances between the Prussian and Bavarian troops at Frankfort were renewed on the 25th, and in several of the streets of the city the soldiers of the contending parties had various sanguinary conflicts. The intervention of strong patrols alone preserved peace finally in the city.

The Austrian or Federal army in Hesse Cassel are suffering for want of provisions.

The Cabinet of Presburg is reported to have formally made known that a war of Prusssia against Austria would be a war against Russia. With the exception of Berlin, the war party find most support in the Rheinish Provinces. At Frankfort, Berlin, Vienna, Amsterdam, and other central points, confidence in the maintenance of peace is daily becoming weaker.

The Stock Exchange was, at the latest dates greatly agitated.

Ravages of the Cholera in Jamaica.

The cholera is making the most fearful ravages throughout the British West Indies. It has been very fatal at Kingston, Jamaica, but now more severe in other parts of this island. Kingston is reported to have lost 5,000 by that disease, and a proportionate number at Port Royal; it had entire disappeared from the latter place. The most melancholy accounts are received from the interior and agricultural districts. The *Journal* says that, in the Plantain Garden River district, one thousand persons have been swept away by the fell destroyer. It states that:—"From St. David, frightful accounts have been bought to town. Not only have the great mass of the population between the Eleven Mile tavern and Yallah's and a large number of the inhabitants in and around Elsington been swept away, but it is said that the whole police force, sergeants, corporals, and privates, have been immolated—the whole force dying, as it is said, under literal want of sustenance, in consequence of the non-payment of their pay. The statement has been made for some days in the columns of a cotemporary, and has not been denied It is impossible, however, that such a charge can long escape inquiry. The money, we have reason to believe, was forwarded from Kingston, and some one must be responsible for its non-distribution.—It is a thing too frightful to contemplate, that an entire detachment of police should have been left to die of cholera, without even the comforts derived from their hard earned pay.

In the mountain districts of the same parish the cholera is said to be equally destructive. It has appeared at Radmor, a property of upwards of 3000 feet above the level of the sea, and the finest climate known on the face of the creation, and it has touched similar altitudes in their parishes of Port Royal and St. Andrew. It has been frightfully malignant at Middletown coffee plantation, the property of the Duke of Buckingham, and it has manifested itself at Charlottenburgh, Chester Vale, Newton, and other properties, all situated at an altitude that has hitherto defied febrile diseases.

INDUSTRIAL EXHIBITION OF 1852.—The industrial Exhibition of London in 1851 is to be repeated in the city of New York in 1852, and arrangements have been made which will secure a very general representation of the products of the World's Industry on that occasion. We learn, further that the use of Governor's Island, in New York harbor, has been applied for and granted for the purpose of the Exhibition; a place which combines all the desirable requisites, presenting open space enough, and being easy of access. We trust that the response of the New World to the Old in this matter will be entirely satisfactory.

☞ A human skeleton, of an unusual size, has been discovered in Harkimus, N. J., buried in oyster shells of immense size. It was in a sitting posture when found, and is doubtless the frame of an Indian of the olden time. It must have been eight feet in height. The skull measures fifteen inches from the root of the nose over the top to the base of the occipital bone, and is two feet in circumference—containing a full set of teeth, even, sound and white.

Mr. U. was the founder of the "American Volunteer," and conducted the editorial department of the paper with great tact and ability for a period of 22 years, when, stricken down by disease, he disposed of the establishment to the present proprietor of the Lancaster Intelligencer. He also published a paper at Gettysburg, and, at an earlier day, one at the City of Frederick, Md. Mr. U. was a gentleman of fine education—a racy and spirited writer—and was considered one of the best political writers of his day. Peace to his ashes!

In Hampden township, Cumberland County, on the 2nd inst., WM. ALDERSHEID, Esq., aged 57 years. Mr. A. was for many years a resident of Schuylkill county, and represented that county in both branches of the State Legislature from 1822 to 1828. During his legislative career, he distinguished himself by his earnest and successful efforts in favor of establishing our glorious system of Common Schools.

On Wednesday the 27th ult., at the residence of his father, in Rapho township, Samuel J. Masterson, merchant, late of Mt. Joy, aged 34 years, 10 months and 23 days. He was interred in the Catholic grave yard, in Elizabethtown, on Saturday the 30th ult., in the afternoon.

On Friday night last, at the residence of her son-in-law, Mr. Bruner, in this City, Mrs. Mary Gray, in the 87th year of her age, relict of the late Capt. Wm. Gray, of Sunbury, Pa.

On the 13th ult., in West Earl township, Mr. J. Gable, aged 76 years.

On the 20th ult., Sarah Ann, daughter of William and Elizabeth Baldwin, aged 5 years.

Pandemonium of Felons.

AN ORIGINAL, THRILLING AND TRUE HISTORY.

OF an extensive and powerful confederacy of marauders and murderers, which but a few years since swept the whole valley of the Mississippi, as with a blasting simoco of crime, is now publishing in the NATIONAL POLICE GAZETTE.

This startling narrative is from the graphic pen of the editors, is collated from official documents and other authentic sources, and entitled the

BRIGANDS OF THE WEST.

In this history the reader is introduced to crime in all its terrible phases. The secret councils of desperadoes, in the lone log-cabins of the boundless forest, are exhibited in vivid colors, their mode of life and hair breadth escapes described, their plans of operation developed with minutenes, and their deeds of blood and atrocity, which spread terror throughout the whole western part of the Union, portrayed with fidelity. The whole comprises an intensely exciting episode of the daring adventures and skilful manœuvres of an official Justice. The National Police Gazette is published every Thursday morning, the week ending December 7th, contains the four first chapters of the work, in which will be found an account of

John Long,

THE HUMAN PRAIRIE WOLF.

The "BRIGANDS OF THE WEST" will be continued weekly in the National Police Gazette until finished, and will form the most wonderful and interesting work ever published in this immensely popular journal.

The National Police Gazette is now in the full tide of success, a circulation of 40,000 copies proving the esteem in which it is held by the public. Its weekly interest being greatly enhanced by this new "Life of the Felons," the present will be a favorable opportunity for new readers to commence furnishing themselves with copies. Agents also, will do well to increase their orders. Office of publication 108 Nassau street, New York. Subscription $2 per year, $1 for six months; back numbers furnished when required. Single copies four cents.

Encourage Home Industry.

THE undersigned, thankful for past favors, respectfully calls attention to his very large and HOME MANUFACTURED assortment of Ladies', Gentlemens', Misses', and Boys' Boots, SHOES, SLIPPERS, &c., confident that all who favor him with their patronage will not only be suited in their wants—at all times and at the shortest notice —but that they will save, in the end, at least five per cent.

His experience in the business is such as to enable him to furnish a FIRST RATE BOOT at a price equally as low as that exacted for the common Eastern "slop" work, an article too often palmed upon the unwary for home manufactured goods.

Persons from the country, therefore, as well as those residing in the city, would do well by calling on the subscriber, if they want a good, serviceable article.

He may be found at his old stand, N. Queen St., near Orange, two doors above the old Post Office.
