READ AND BE CONVINCED.

Charles Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver Disease."

The Tenth Legion, published at Woodstock, Va. January 10. 1850, said a., January 10, 1850, said— A GREAT MEDICINE.

Va., January 10, 1850, said—

A GREAT MEDICINE.

We have uniformly retrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German. Bitters, invented by Doctor Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fullen under our observation. During the last summer, a son of Mr. Abm. Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely; to health.

READ FURTHER A FEW FACTS.

From the Weldon Herald, published at Weldon, N. C., January 24, 1850, which said—
PATENT MEDICINES.

PATENT MEDICINES. It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these med icines, the land is becoming flooded with quack preparations, that are made alone for profit and are fit not even for the doze. In this street of thises. preparations, that are made alone for profit and are fit not even for the dogs. In this state of things, it is hard to tell which are, and which are not worth having: If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, [who ignorantly combine plain medicines together for the purpose of making money,] for the ill success which attends he efforts of the deserving.

We believe Dr. C. M. Jackson's Hoofland's German Bitters to be a most excellent medicine. she had been connect six mounts and medicines had failed.

Cough and Consumerion Cured.—Wm. Bently, of Pickering, C, W., was cured of a severe cough after he had been confined to his bed for a long time, and was given up by the Physicians. He had was supposed by his friends and physicians to be was supposed by his friends and physicians to be in the last stage of Consumption.

Dyspersia,—A. B. F. Ormsby, of Syracuse, N. Y., was cured of Dyspensia, so severe as not to be able to work for two years.

Wm. Smith, of Greenwich, Conn., was cured of when it becomes known, it will, no doubt, fully enjoy.

Judge M. M. Noah said, in his Weekly Messer-ger, January 6, 1850.

Dr. Hoofand's German Bitters:—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the King-of Prussia, and one of the greatest/medical writers Germany has ever produced. He was emphatically the enemy of humbig, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the sumach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Undo: these circumstances, we feel warranted, not only in calling the attention of our readers to the present propries. the attention of our readers to the present proprietor's [Dr. C. M. Jackson's] preparation, but in recommending the article to the afflicted.

MORE: EVIDENCE.

The Philadelphia Saturday Gazette, the best amily newspaper published in the United States The editor says of DR. HOOFLAND'S GERMAN BITTERS: It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage Patent Medicines to the confidence and patronage of our reacers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of life day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long estab shed, universally prized, and which has met the approbation of the faculty itself.

Evidence upon evidence has been received (like the foregoing) from all sections of the Union the last three years, and the strongest test timony in its favor, is, that there is more of it used in the practice of the regular Physic and of Philadelphia than all other nostrums combined, a fact that can easily be early like the selection and fully required that selection received. other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation with meet with their quiet approval when presented even in this form.

INTERNAL ULCERS.

This cure is a triumph over the skill of the best physicians in the city of Philadelphia, and is rositrive proof that internal ulcers can be cured as easily as external, when Brant's Pourieving Extracts used. Mr. John Hipburn, one of the most respectable gentlemen in Aubern, Cayuge Co., N. Y., informed us in Oct. 1847, that he had been afficied with three Fissures or Ulcers, so situated internally as to allow of an examination, and thus furnish positive proof of the fact, and of their location. He said that he had spent one year in Philadelphia, under the professionia advice of the best physicians, and was obliged to return to Aubern, without cure or help, when Dr. T. M. Hunt, druggiat, of Auburn, advised him to try Brant's Purifying Extract, and the use of seven bottles of It effected a perfecture.

Astonishing and moder wonderful Cure.—Capt. Esta Knopp, of No. 37 Willow et., Erocklyn, N. Y., one of the most respectable citizens in the city, was sfflicted five years with Scrotilous Erysipelas of both legs, from the knees to the teet, which inflamed and swelled to a prodigious size, and ulcerated. Large deep ulcers, apparently large enough to run a finger in, came into them, which discharged delly an almost incredible quantity of a matarated substance. He had had the advice and attendence of several of the most skillul physicians, and had tried many highly recommended medicines without effecting a cure, and was told by one or two of his physicians that the ulcers in his legs would run him of before long. Brant's Puriviya Extract has cured these ulcerated and inflamed legs, so that now they are entirely healed up, and he enjoys good health.
