A. GREAT MEDICINE.

We have uniformly retrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of

their value. Among those we consider worthy of notice is the German Bitters, invented by Doctor Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this menicine have been tested, has fallen under our observation. During the last summer, a sen of Mr. Ahip. Crabill. 6 this goan summer, a son of Mr. Abin. Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he-purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health. stored entirely to health.

READ FURTHER A FEW FACTS.

From the Weldon, Herald, published at Weldon, N. C., January 24, 1850, which said-PATENT MEDICINES.

It is very seldom that we make any ullusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medconscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time the purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, [who ignorantly combine plain medicines together for the purpose of making money,] for the ill success which attends the efforts of the deserving.

We believe Dr. C. M. Jackson's Hoofland's Germán Bitters to be a most excellent medicine. German Bitters to be a most excellent medicin and one that should be highly popular in these days of Temperance; for they are altogether Veg-table in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully

when it becomes known, it will, no doubt, fully enjoy.

Judge M. M. Noah said, in his Weekly Messenger, January 6, 1850.

Dr. Hooftand's German Bitters.—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times - the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the King of Prussia, and one of the greatest medical writers Germany has one of the greatest medical writers Germany has one of the greatest medical writers Germany has ever produced. He was cinphatically the enemy of humbug, and therefore a nedicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the somach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's [Dr. C. M. Jackson's] preparation, but in recommending the article to the afflicted. recommending the article to the afflict MORE EVIDENCE.
